CloudDirect®

CLOUD, DATA AND AI MODERNISATION

Task Intelligence Proof of Value

Create demonstrable value a matter of weeks using a live, high impact task automation use case.

For more information on this, or our wider **Cloud, Data and AI Modernisation** services, speak to a Cloud Direct Sales Executive or contact hello@clouddirect.net.

Service overview

Getting executive buy in for your AI projects can prove challenging, but starting small can provide you with the tangible evidence you need.

Cloud Direct's Task Intelligence Proof of Value delivers measurable AI impact in just three weeks by automating or augmenting a single high-value business task, providing a working AI solution that validates feasibility, quantifies outcomes, and gives you the evidence and clarity needed to prioritise further AI investments confidently.

Who is this service for?

Businesses looking to kickstart AI innovation with an expedited, low-risk project that validates impact and enables confidence in committing to wider AI and automation initiatives.

Addressing your challenges

- Unable to identify your AI starting point
- Manual processes limiting efficiency and consistency
- Difficulty in proving AI ROI or securing exec sponsorship

Service deliverables

In just three weeks, our AI experts will work with you to discover, design, and deploy an AI solution that demonstrates business impact against defined KPIs.

Core components

- Identification of a suitable high-impact task
- Defined KPIs and success criteria
- AI solution design with workflow mapping
- Deployment and integration with existing processes
- Evidence pack showing achieved business value

Ongoing activities

- Discovery and validation workshops
- Iterative testing and refinement
- Real-world task execution
- Business value analysis and playback
- Scaling recommendations

Outcomes that matter

Quickly validate AI feasibility, demonstrate improvements, and map a defined path to scale automation across additional high-value business processes.

- Functional AI-powered outcome
- Validation of data readiness and integration ability
- Identify existing AI strengths and weaknesses
- Clear view of benefits against agreed KPIs
- A secure and reusable AI foundation
- Tangible evidence of AI potential in your environment

Cloud Direct's added value

Our frameworks, deep AI expertise, and disciplined delivery ensure fast and measurable outcomes that answer AI sceptics in your business and move the needle on your AI adoption.
