

CYBER EVOLUTION:

Security Workshop

At Awara IT, we offer a solution to rapidly upskill your security teams with Microsoft's best practices and tools. Over two days: strategic overview of Microsoft 365 and Azure security capabilities and practices with participants in a simulated incident response game where they investigate, detect, and remediate threats using Defender and Sentinel.

WE OFFER

- ✔ **Day 1 Overview & Deep Dive:** Cover identity, information protection, threat defense, and security management across Microsoft 365/Azure.
- ✔ **Day 2 Practice Game:** Team exercise investigating a live breach scenario—identifying attack vectors, hunting IOCs, and running remediations.
- ✔ **Pre-Provisioned Lab Environments:** Azure Sentinel workspaces, Windows 10 Enterprise VMs with Defender, and Defender for Identity labs for realistic hands-on exercises.
- ✔ **Post-Workshop Guidance:** Follow-up Q&A, pilot-planning recommendations, and access to all lab materials for ongoing internal training.

BEST FOR

- CISO, SOC Analysts, CIOs, and DPOs wanting to evaluate Microsoft's security suite
- IT and security teams seeking practical, team-focused incident response training
- Organizations planning a Microsoft security pilot or expanding their current deployment

CYBER EVOLUTION: Security Workshop

At Awara IT, we offer a solution to rapidly upskill your security teams with Microsoft's best practices and tools. Over two days: strategic overview of Microsoft 365 and Azure security capabilities and practices with participants in a simulated incident response game where they investigate, detect, and remediate threats using Defender and Sentinel.

KEY BUSINESS OUTCOMES & BENEFITS

Enhanced SOC Capabilities: SOC analysts gain foundational investigation skills, accelerating time-to-detect and remediate.

Proof of Concept Ready: Validate Microsoft security tools in practice—ensuring your organization is ready for pilot deployments.

Strengthened Collaboration: Cross-team exercises improve teamwork and align security operations with IT processes.

ABOUT AWARA IT

We automate key business processes and implement the most innovative solutions, use world-class technologies, manage IT assets, help companies switch to cloud technologies and work in a secure information environment. We work with a wide range of software, from classic office products to large-scale international solutions. We have in-depth knowledge of local implementation specifics, helping clients to optimize their global business.
