

Information Protection & DLP Pilot

At Awara IT, we guide you through a hands-on pilot—configuring sensitivity labels, automated classification, and DLP policies to secure your critical data and prepare for compliance audits.

WE OFFER

- ✔ **IP Methodology Workshops:** Teach data owners how to define sensitivity labels, encryption scopes, and classification strategies.
- ✔ **Policy Configuration & Testing:** Collaborate with your teams to create sample data sets, configure labels, and set up DLP rules for mail, files, and chat.
- ✔ **Real-World Scenario Validation:** Run simulated leak tests—classify documents, trigger policy actions, and refine thresholds.
- ✔ **Audit & Reporting Support:** Generate compliance reports, incident logs, and encrypted document proofs to demonstrate audit readiness.

BEST FOR

- Information security and IT teams evaluating Microsoft Compliance solutions
- CISOs, CIOs, DPOs, and legal departments responsible for data protection
- Organizations needing rapid audit readiness and data-leak prevention

Information Protection & DLP Pilot

At Awara IT, we guide you through a hands-on pilot—configuring sensitivity labels, automated classification, and DLP policies to secure your critical data and prepare for compliance audits.

KEY BUSINESS OUTCOMES & BENEFITS

Data Leak Prevention: Automatically detect and block sensitive content from leaving your organization.

Compliance Confidence: Show auditors you've implemented Microsoft's modern IP and DLP solutions with documented proof of effectiveness.

Business-Centric Policies: Balance protection and productivity by aligning labels and rules to real-world data flows.

ABOUT AWARA IT

We automate key business processes and implement the most innovative solutions, use world-class technologies, manage IT assets, help companies switch to cloud technologies and work in a secure information environment. We work with a wide range of software, from classic office products to large-scale international solutions. We have in-depth knowledge of local implementation specifics, helping clients to optimize their global business.
