

Get ready to achieve more with Modern Work Frontline Solutions

Enhance Frontline Workforce Management

Empower your Frontline workforce to meet fluctuating business needs by equipping workers with agile shift scheduling tools and seamless task management.

Why eCloudvalley

With an extensive Frontline Workers practice, our consultants will work with you to identify unique needs of your frontline workforce to help solve specific workforce management challenges. Our team will help you understand your priorities, challenges, and culture to design a solution that meet your needs.

Get started today with efficient schedule management

Give your managers and workers the tools they need. From disconnected solutions to a fragmented end user experience, Microsoft Teams brings together all your favorite workforce management applications into one simple user interface. And enable real-time visibility into your labor scheduling, time and attendance, and task management to ensure everyone is on track for success.

How eCloudvalley can help you in your journey:

- We will work with you to identify and prioritize key use case scenarios for frontline workforce
- Explore opportunities to streamline shifts swaps, time-off and extra shifts requests as well as time tracking and reporting
- Provide an implementation plan and next steps to help you achieve your desired goals
- Drive adoption and change management initiative to realize the value of your investment in your Frontline workforce
