Moby Mart

Moby Mart

Redefine the way of shopping

Registration

You can quickly download the app, and register a preferred method of payment

Unlock

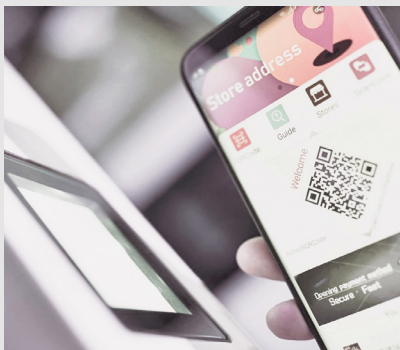

Scan the QR code from the app, and door will open for you

Shop

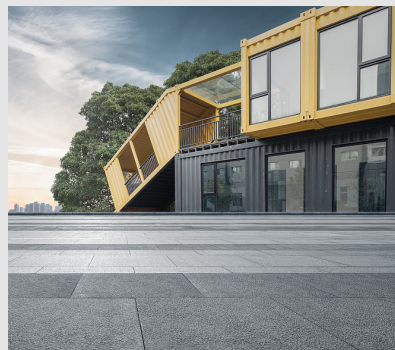

Grab anything you need from the store, and just walk out

Solution Advantages

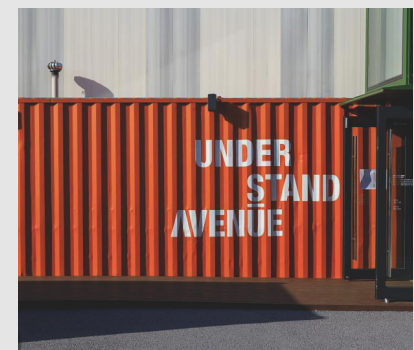

Technology

Moby Mart is designed to be super user friendly. Download app and get the QR code to enter only takes 2 minutes. First time is easy, second time easier, not to mention third. Shoppers can also skip the download process and enter with credit card.

Proximity

Choose your pajamas wisely. Moby Mart is a plug&play solution, meaning it can be put up anywhere with power and internet connection, car park, gas station, or just around your house; hence don't be surprised to see your neighbors picking up their breakfast in their pajamas.

Localization

Moby Mart can be tugged, shipped or lifted to anywhere, enabling us to be versatile and accommodate with localization. Selling freshly baked bread to locally produced honey.

Cost

With good quality we offer at lower cost. Cloud Box supports complete 24/7 unmanned operation. Not only the reduction on the headcount, with Cloudpick system, we are able to notify and schedule the most efficient restocking route.

Safety

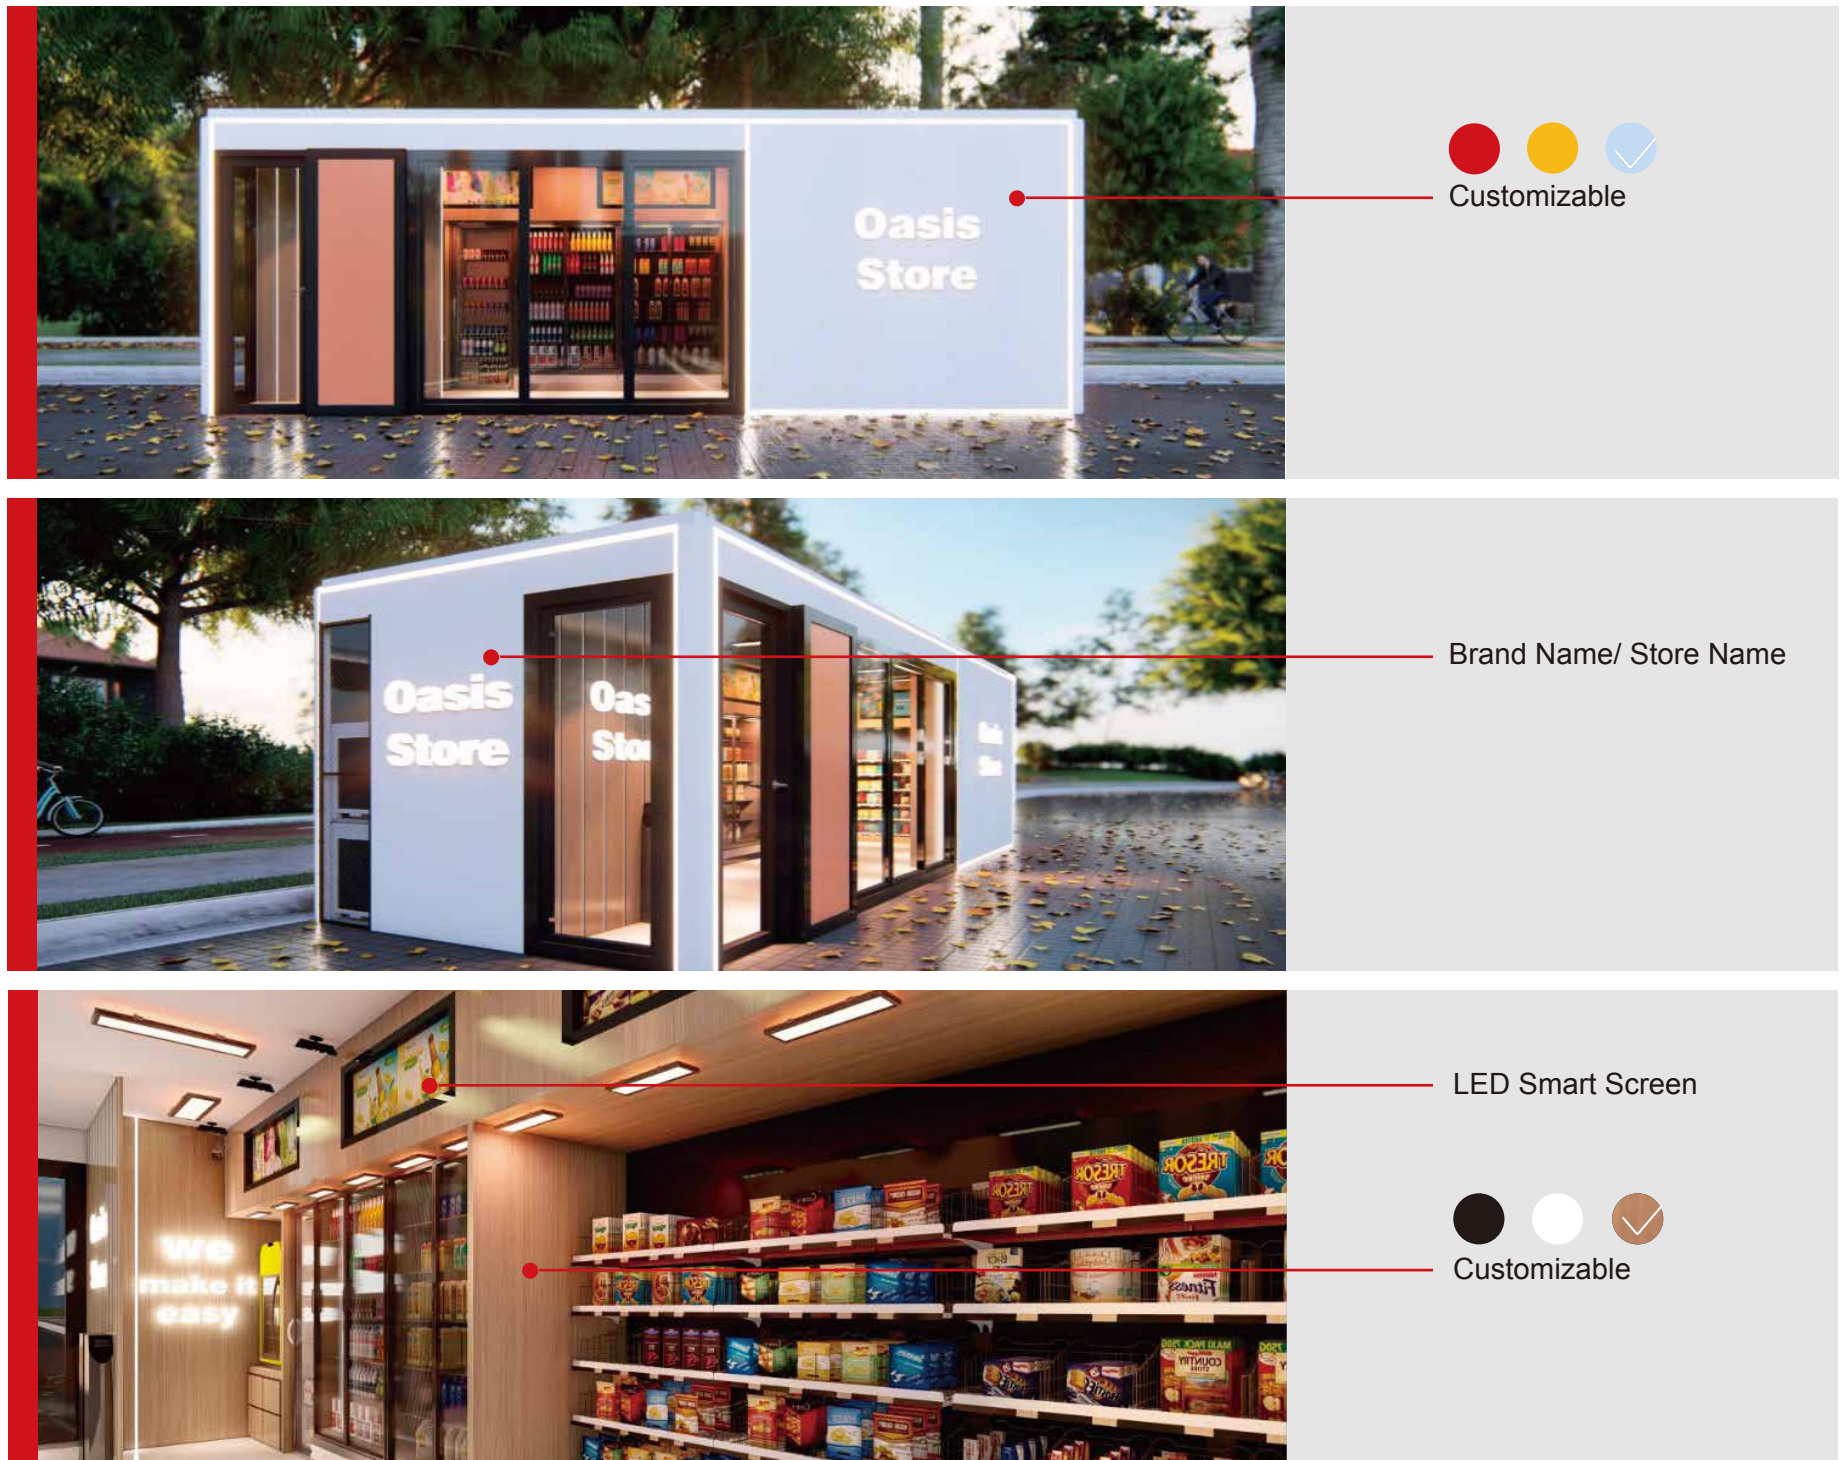

With artificial intelligence, we utilize cameras not only to protect the safety of customer's shopping journey, but also the safety data. Moby Mart only analyzes the behavior of shoppers, and their personal information is completely safe and protected.

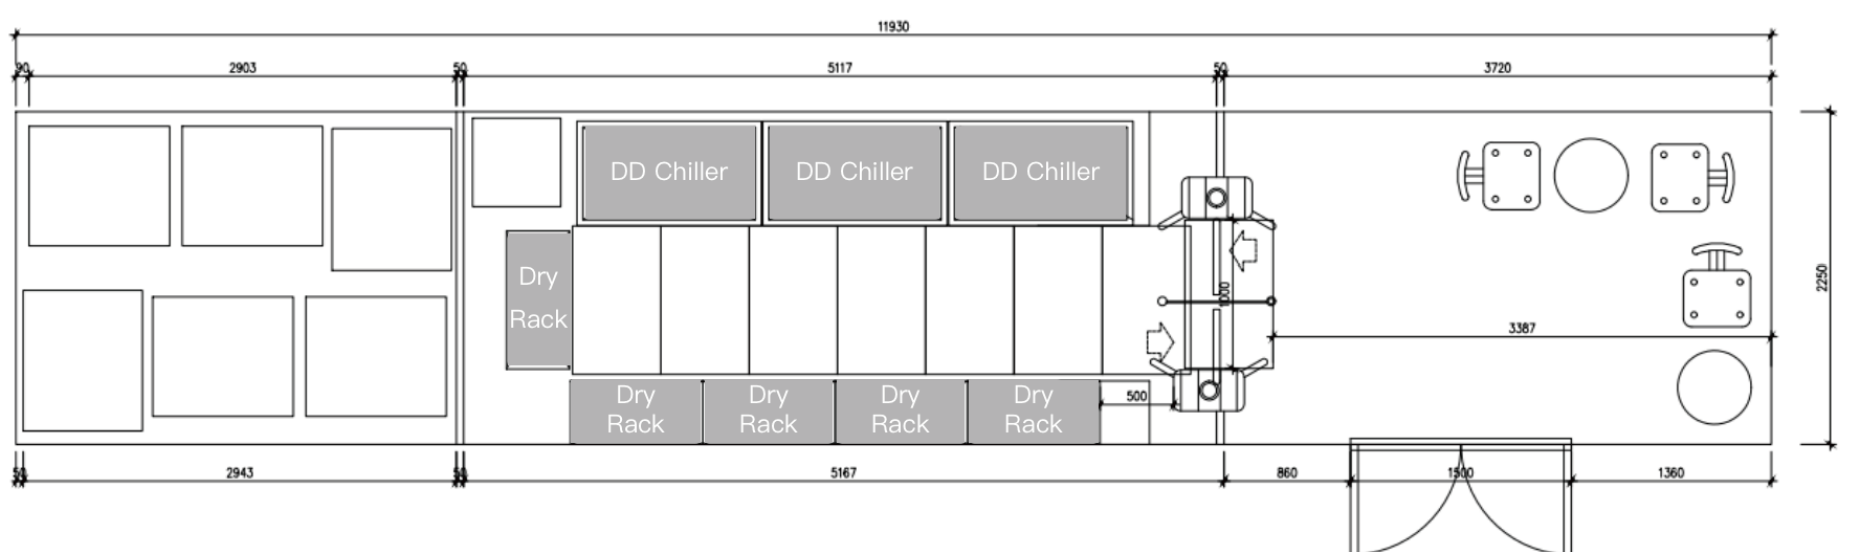

Donation

MobyMart is supported by Cloudpick's most powerful ecosystem, the retailer is flexible to integrate all sorts of store management strategies, such as promotions, advert displays and much more. Retailer is even able to automatically donate to local charity.
