# Key Features

## Commitment Manager
### Smart. Automated. Always Optimized.

• **Full Automation:** Automate every step of your commitment lifecycle - SavePro purchases, exchanges, and returns commitments based on real-time usage data and smart policies you define.

• **Clear Recommendations:** Get easy-to-understand guidance for the best mix of Azure Reservations and Savings Plans.

• **Always Optimized:** Stay continuously optimized as SavePro continuously monitors and adjusts your commitment strategy.
No spreadsheets, no manual effort, just maximum savings.

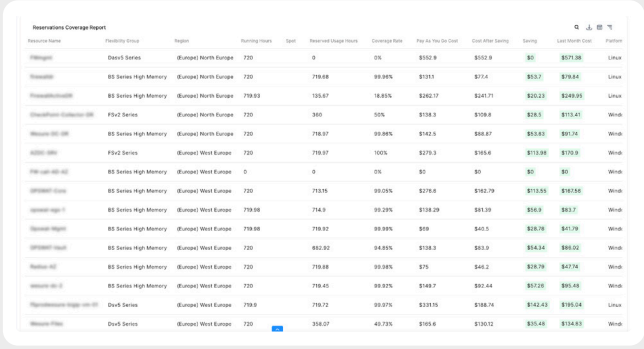

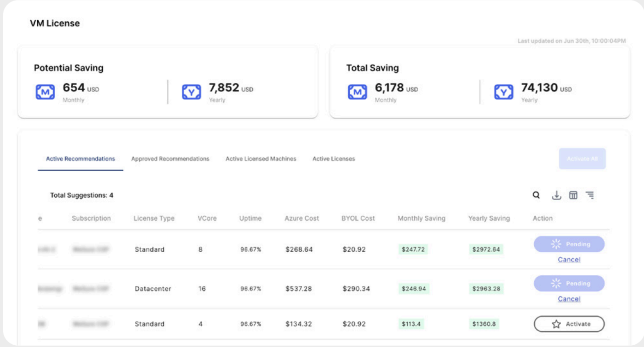

## Rightsizing
### Pay Only For What You Need.

• **Insight-Driven Recommendations:** Continuously analyze your VMs and disks based on actual usage metrics like CPU, IOPS, memory, and network traffic

• **Quick Wins:** Identify underutilized resources and optimize configurations for immediate savings.

• **Continuous Savings:** Track implemented recommendations and monitor cost reductions on a monthly and yearly basis

## Licensing Optimization
### Let Savepro Do The Math For You.

• **Smarter BYOL Decisions:** Bringing your own license (BYOL) can save you up to 70%, but knowing if it's worth it requires complex calculations.

• **No More Spreadsheets:** Stop tracking costs, commitments, and savings manually - SavePro analyzes everything for you.

• **Clear Recommendations, Instantly:** Get a single, simple answer - if BYOL will save you money, we'll tell you. If not, we won't recommend it.

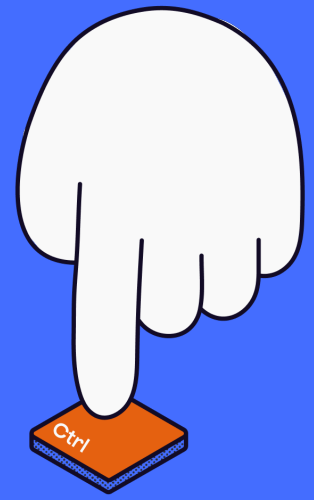

## Dynamic Reports
### Know Where Your Money Goes.

• **Quick Wins View:** Identify total savings potential for the next 12 months and track realized savings from implemented recommendations.

• **Smart Decision Making:** Surface top cost-saving opportunities across VMs, reservations, and licensing, with clear, shareable insights for stakeholders.

# Why Choose SavePro Over Competitors

**1** ## Azure-Native & AI-Driven

Unlike multi-cloud solutions, SavePro is purpose-built for Azure, offering deeper insights and cost-saving actions specific to Azure pricing models, Hybrid Benefit, and resource configurations.

**2** ## 100% Automated RI/SP Management

Competitors like CloudHealth and Cloudability only provide recommendations- SavePro executes purchases, exchanges, and cancellations automatically.

**3** ## No % of Savings Fees

Unlike ProsperOps and Spot, SavePro does not take a cut of your savings. It's available as an Azure Marketplace solution or bundled with 2bcloud MSP services.

**4** ## Fastest Time to Value

Deploy in minutes, see savings within 48 hours, while competitors require extensive tagging and configuration.

**5** ## Proven Results

Since its launch, SavePro has generated millions of dollars in annual savings for hundreds of companies by leveraging AI-driven recommendations and fully automated commitment management.

### Top Security, Zero Hassle

No Installation Required:
SavePro works agent-less.

Data Privacy First:
Only metadata is collected.

Read-Only Permissions:
Maintain full control over your Azure environment.
