365LABS

MODERN **JAIL MANAGEMENT**

Streamline Operations + Improve Safety

Cut booking time in half with patented guided workflows.

One-click NCIC lookup from JMS without switching screens.

Ensure compliance with pre-built and custom forms for individual jail needs.

Keep courts, judges & jail in sync with Judges Portal for bonds & bail.

See real-time statistics and generate reports instantly.

Auto-fill information from DMV, NCIC and Records.

Book from a tablet or mobile device using purpose-built Sentry App.

Automate cell checks, moves & transports with RFID & Laser scanning.

Intuitive & Easy-to-Use
Get trained in hours, not days. Use voice dictation and touch to act fast.

Cloud Enabled + Purpose Built
Zero downtime, No servers, No VPN, and No new passwords to remember.

Mobile
Purpose-built devices streamline jail processes with scanning & RFID.

Interoperable
Out-of-the-box connectivity with Prosecutors, DAs, Courts and other systems.

Powered by Artificial Intelligence
Smart workflows, Facial recognition & RFID complete tasks 10X faster.

Rapidly Deployable
Go-live in weeks, not years. Downloadable app starts Day 1.
