FIELD REPORTING
& RECORDS
MANAGEMENT

AI Powered. Mobile + MDT App. Works Offline.

Data Captured Once
SHOULD NEVER BE RE-ENTERED

AI powered report build-up & patented workflow help LEOs **complete reports with the least amount of supplements possible**.

Reports, Arrests, Crash, Citations
and Cases from a SINGLE record

Automatic **CAD to RMS transfer**

NCIC Lookups and 2-way sync directly
from reports

**Warrant requests for judges
directly from RMS** with just 2 clicks

Arrest info automatically flows to JMS

DA packages & public records requests
are done with a click

SMART FIELD REPORTING
Start on Phone, Finish on MDT

Dictate notes on your phone, use your camera and scan licenses, then bring all the information to reports automatically. **REPORT COMPLETE.**

- **Automatic Narratives and Voice Dictation** complete reports 10x faster than typing.

- **Data from CAD & NCIC** automatically attaches to reports, arrests, etc.

- **Write PC & Narratives with the power of AI**. Use snippets & smart tags to auto-build narrative. What took 20 minutes, now takes 2.

- **Built-in Digital Redaction** instantly redacts sensitive info from reports.
