

D 365 BUSINESS CENTRAL

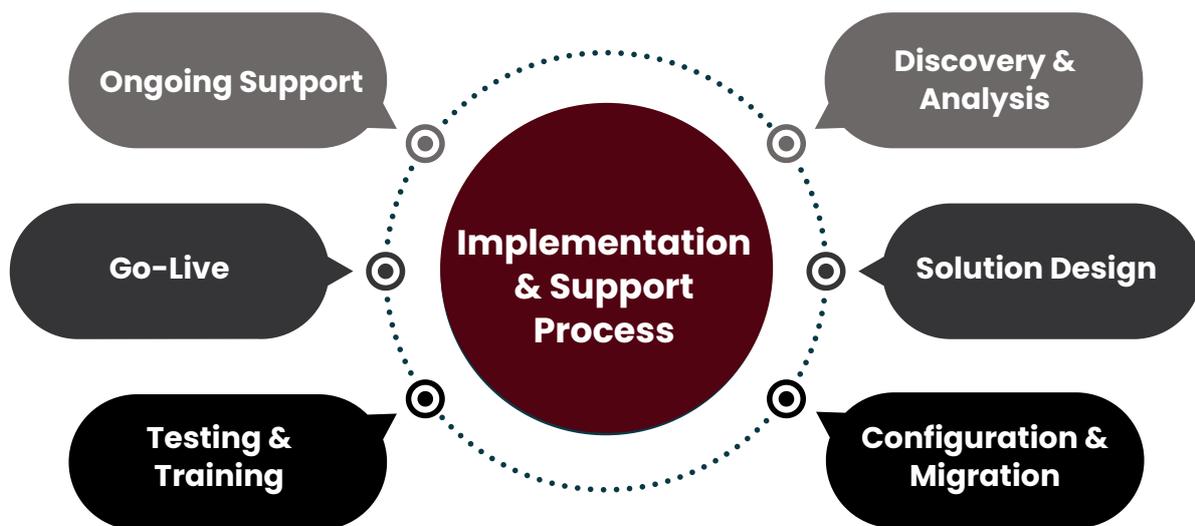

Unify Your Business. Drive Growth.

Microsoft Dynamics 365 Business Central is an all-in-one cloud ERP solution designed for small and mid-sized businesses to manage finance, sales, inventory, projects, and operations in one unified system.

It simplifies daily business processes, connects departments, and gives real-time visibility to make faster and smarter decisions.

As a Microsoft-powered platform, it integrates seamlessly with Microsoft 365, Power BI, and Teams—creating a connected and intelligent business environment..

End-to-end implementation & support, tailored for mid-market companies.

Benefits of Microsoft Business Central

- End-to-end business visibility — all data, one platform.
- Streamlined operations and faster financial closing cycles.
- Improved collaboration through Microsoft 365 integration.
- Scalable and cloud-based — no hardware or heavy maintenance needed.
- Automation and AI insights that reduce manual work.
- Lower operational costs with optimized workflows.
- Faster ROI through easy deployment and adaptability.

Key Capabilities of Business Central

Financial Management

Automate general ledger, cash flow, budgeting, and bank reconciliation.

Manufacturing & Production

Plan capacity, manage BOMs, and control shop-floor operations efficiently.

Sales & Customer Management

Streamline quote-to-cash, improve customer engagement, and boost profitability.

Project Management

Monitor budgets, resources, and progress in one dashboard.

Supply Chain & Inventory

Track inventory in real time, manage orders, and optimize procurement.

Integration with Microsoft Apps

Connect with Outlook, Excel, and Teams for a seamless workflow.

Reporting & Analytics

Use built-in Power BI dashboards for actionable insights

Integrated Capabilities

- Microsoft 365 Integration: Sync emails, documents, and tasks with Outlook, Excel, and Teams.
- Power BI & Data Insights: Build custom dashboards and AI-powered reports.
- CRM & Customer Data: Unified view of customers and interactions.
- Third-Party Apps: Connect with e-commerce, banking, logistics, and more.
- Cloud & Mobility: Access your ERP securely from anywhere, anytime.

Testimonials

Testimonial 1 – Implementation Success

“Partnering with 3K Technologies for our Business Central implementation was a game changer. Their team streamlined our entire process—from planning to go-live—ensuring zero downtime and smooth data migration. We now have real-time visibility and faster decision-making across departments.”

Finance Head, Manufacturing Company

Testimonial 2 – Ongoing Support

“The post-implementation support from 3K Technologies has been exceptional. Their quick response and deep product knowledge help us resolve issues instantly and optimize performance. We truly feel supported every step of the way.”
