Security and Compliance Managed Services

Microsoft Azure

ABOUT 4MSTech

4MSTech is an IT Services company, focused on infrastructure Microsoft Cloud Solutions. We offer Professional, Managed and Adoption Services for Microsoft 365 and Azure and we are experienced with large complex projects on customers in different segments.

WHAT WE OFFER

Our Security and Compliance Managed Services offer is an alternative to traditional MSP offers, where security and compliance concerns are addressed with Microsoft 365 and Azure components

Microsoft has invested a lot on security solutions for many years and Azure has plenty of them. Azure AD, AIP, Sentinel, Bastion, Security Center, among other solutions, some of them evens for free, are available quickly and on pay as you go and reserved capacity models

MSSPs usually rely on tools from different vendors to deliver their services. We use all Microsoft Cloud available solutions to efficiently deliver the best of breed security and compliance Managed Services

All security and Compliance Solutions on Microsoft 365 and Azure are fully integrated with Windows 10, Active Directory, Office Pro Plus, giving customer a full stack of security and compliance end to end

WHAT OUR CUSTOMERS ARE SAYING

"With Microsoft Cloud security components and solutions delivered by 4MSTech we are confident our IT infrastructure is aligned with best practices for financial market and ready for Brazilian business challenges."

– Alexandre Barella, CISO, Modal Bank

4MSTECH

Microsoft Azure – Security and Compliance

Microsoft Azure is an increasingly set of Cloud services to help your organization facing business challenges. It is the freedom to create, manage and implement applications on a global network using your favorite tools and structures.

WHY AZURE

BE FUTURE-READY

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data science tools.

BUILD ON YOUR TERMS

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

OPERATE HYBRID SEAMLESSLY

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single identity platform trusted by 90% of enterprises globally.

TRUST YOUR CLOUD

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a $1B+ investment in security R&D and 3,500 cyber security experts, security is foundational for Azure.
