

Screenshots - Google Drive Migration Tool

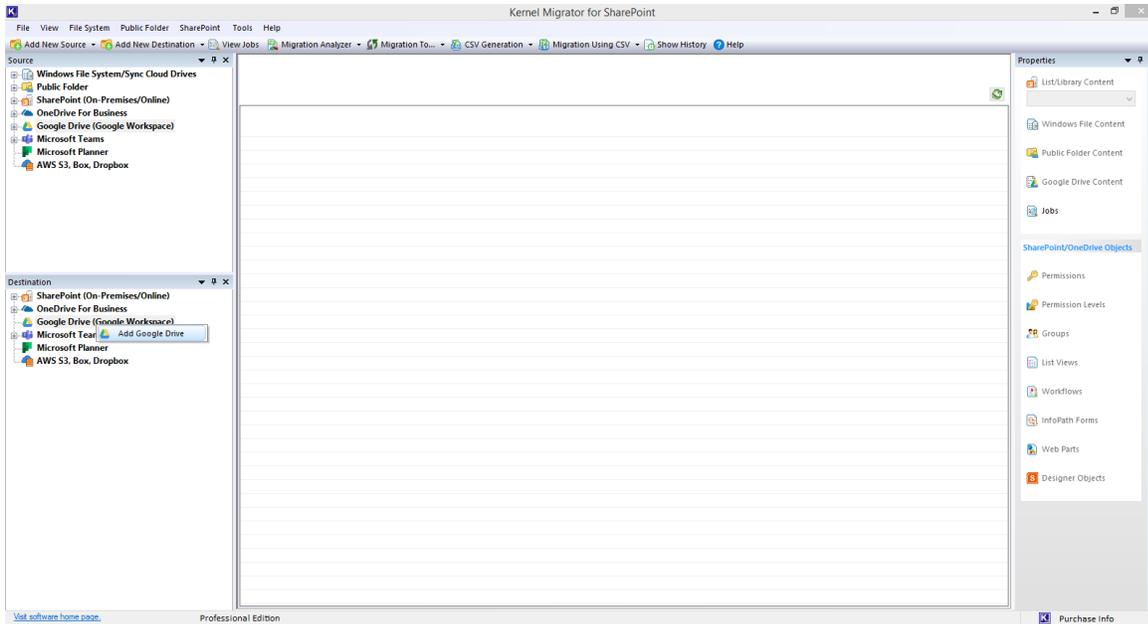

Step 1: Welcome screen of the Kernel Google Drive Migration tool.

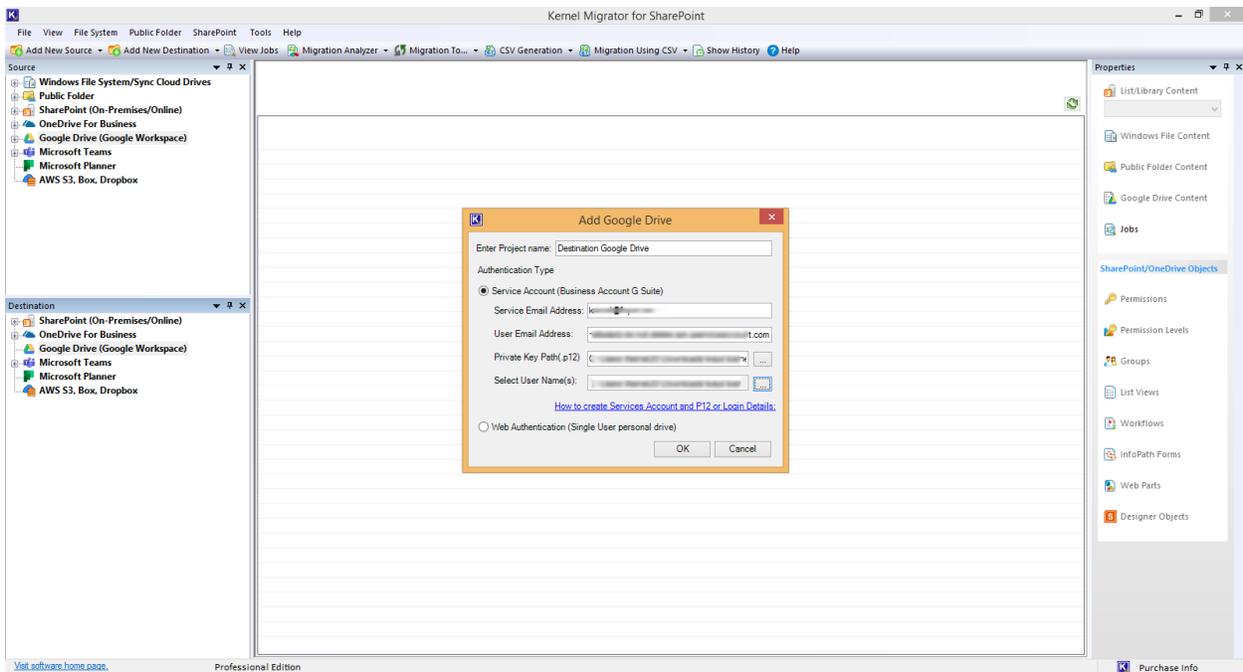

Step 2: Adding source Google Drive for Business login credentials.

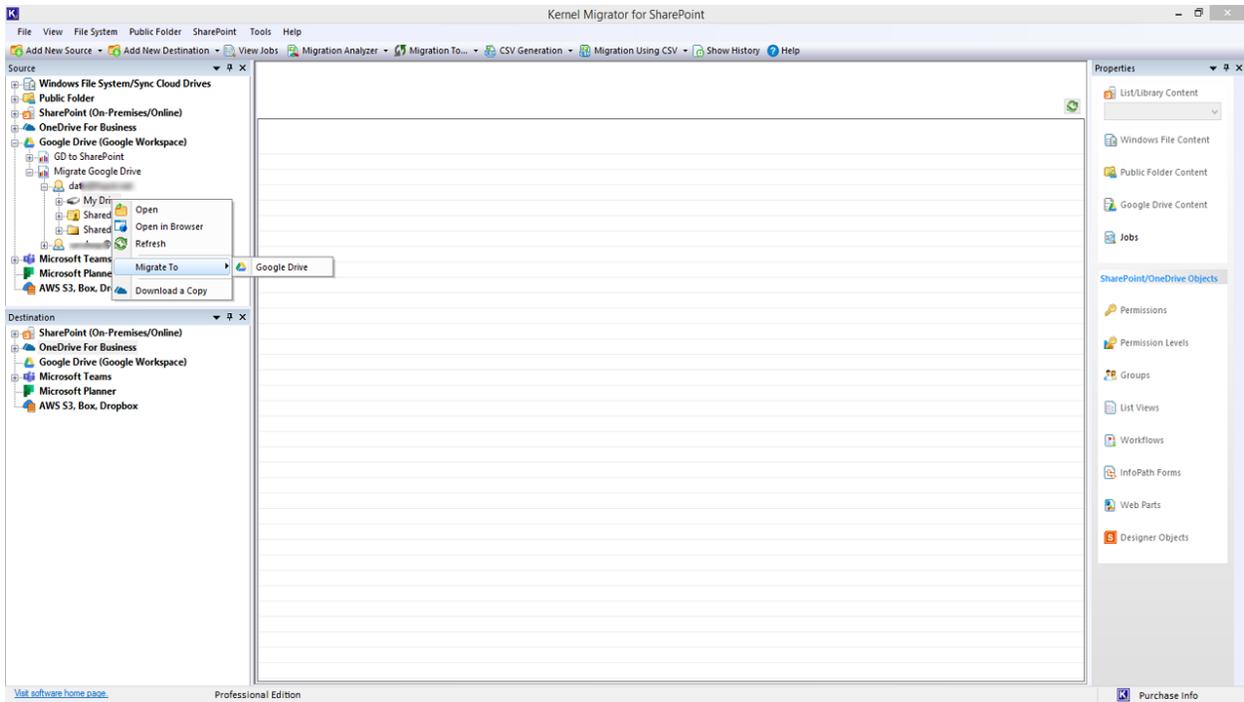

Step 3: Destination panel to add destination Google Drive for Business account.

Step 4: Adding destination Google Drive for Business account login credentials.

Step 5: Selecting source Google Drive for Business user account for migration to the destination account.

Step 6: Selecting source Google Drive for Business user account folder for migration to the destination account.

The screenshot shows a dialog box titled "Google Drive To Google Drive" with a close button in the top right corner. The main heading is "Select Destination".

Under "Authentication Type", there are two options:

- Web Authentication
- Service Authentication:

For Service Authentication, the following fields are present:

- Email Address: [Empty dropdown menu]
- Project Name: [Google Drive Migration - dest]
- User Name(s): [ja...@domain.com] [...]

Below this, the "Drive Folder:" field contains "ja...@domain.com \My Drive" with a browse button [...].

A note at the bottom reads: "NOTE: Choose user from the username list, then browse the Drive in which you are going to migrate."

At the bottom of the dialog are three buttons: "< Back", "Next >", and "Cancel".

Step 8: Selecting user(s) from the source file name for the migration.

The screenshot shows a window titled "Google Drive To Google Drive" with a close button in the top right corner. The main content area is titled "Select Copy Option" and contains several sections of controls:

- If file already exists in drive:** Two radio buttons are present: "Replace the existing with a new version" (which is selected) and "Keep both files".
- Other options:** Three unchecked checkboxes: "Create New Version", "Save without hierarchy (Uncheck this option to maintain List and Library hierarchy)", and "Select Filter".
- Date Filter:** A section with four rows of date filters. Each row starts with an unchecked checkbox, followed by a date type (File Access Date, File Creation Date, File Modification Date), a dropdown menu set to "Greater than", and a date/time input field set to "06/18/2025 10:09:13 AM". Between the second and third rows, and between the third and fourth rows, there is an "And" label and a "Less than" checkbox.
- File Filter:** A section with three rows of file filters. Each row starts with an unchecked checkbox, followed by a filter type (File Name, File Extension, File Size (In Kilo Bytes)), a dropdown menu set to "Begins with", and an empty text input field.
- User Filter:** A section with one row of user filter: an unchecked checkbox, "Owner Name", a dropdown menu set to "Begins with", and an empty text input field.

At the bottom of the dialog, there are three buttons: "< Back", "Next >" (highlighted in blue), and "Cancel".

Step 11: Live progress of Google Drive for Business to Google Drive for Business migration.

Step 12: Summary details of successful Google Drive for Business to Google Drive for Business migration.
