

# Gain valuable insights from smart workplace sensors

## Planon Workplace Insights

*Improve the wellbeing and productivity of your employees. Attract and retain the best talent while using space in a cost-effective and sustainable way.*

Smart businesses are looking for ways to build their resilience to future disruption. They recognise that improved employee engagement leads to better productivity and helps to attract and retain the best staff. They are paying increasing attention to human interaction, sustainability, health, safety, and wellbeing.

## Enhance Working Experience

Planon Workplace Insights forms the core of Planon Space and Workplace Services Management solutions – our comprehensive solution for innovative and data-driven workplace strategists, facility services teams and knowledge workers, to enhance the workplace experience and build business resilience. Planon Workplace Insights may also be added to Planon's Integrated Workplace Management Solution (IWMS).

## Make the Right Decisions

*Information captured from IoT sensors is analysed and conveniently displayed, helping you make the right decisions to create engaging and productive workplaces.*

## Key Features
