

## Free Advisory Call Business Central

What can Dynamics 365 Business Central do for your company?  
Receive a report specific for your situation with conclusions and recommendations.

The advantages of this Microsoft Dynamics 365 Business Central Service:

- Free service
- Discuss your specific situation with an expert
- Your processes and current situation will be reviewed
- Your bottlenecks will be named
- The possibilities to solve those bottlenecks will be discussed
- You will receive a report of the call including recommendations

### Description

You are considering purchasing Microsoft Dynamics 365 Business Central, but you still have some questions?

No problem, with this telephone consultation we will support you for free.

One of our experts will discuss your situation. This way we can also discuss the bottlenecks and determine whether and how Dynamics 365 Business Central can support you to solve your bottlenecks.

Afterwards you will receive a report with an analysis of bottlenecks, conclusions and recommendations tailored to your situation.

You can easily order your consultancy call online, for € 0.00.

### Features

- Order the Service easily online
- Your call will be scheduled together with you, after receiving your order
- 1-hour advisory call
- Free service
- You receive an advisory report
