

4AUTOMATE

ACCELERATE YOUR INTELLIGENT
AUTOMATION JOURNEY

2025

Embark on your path to intelligent automation with 4Sight, where we simplify the process of aligning stakeholders, business goals, and technology. Our structured approach takes you from concept to automated workflows seamlessly, focusing on high-impact use cases tailored to your organisation's needs.

OUR SOLUTION: "INTELLIGENT AUTOMATION" PACKAGE

Introducing our two-week guided "Intelligent Automation" package, designed to help you identify, prototype, and implement business automation solutions that provide the greatest value. With 4Sight, you'll be equipped with the tools, knowledge, and support to ensure your automation journey's success.

OUR OFFERING CONSISTS OF THREE CORE STAGES

Initial Technology Setup

We set up the foundational Power Platform governance and configure the necessary tools for your automation environment.

AI Assessment

Replacing the traditional workshop, we leverage **AI** to analyse your business processes and identify the most impactful automation opportunities. Our **AI**-powered assessment evaluates up to 50 potential automation scenarios specific to your business, prioritising those with the greatest value and return on investment.

Conceptualise & Implement Workshops

Your top-priority use cases are brought to life through custom-developed automated processes. This hands-on workshop empowers your team, ensuring long-term success in automation.

KEY FEATURES

Global Delivery

Our solution can be deployed anywhere, whether on site or virtually, offering flexibility to meet your operational needs.

Team Engagement

Business users, developers, and IT professionals all participate, ensuring alignment across teams. No technical expertise is required for business roles to contribute meaningfully.

Holistic Approach

Managers gain visibility into automation initiatives, IT professionals handle security and governance, while developers and business users get a deep understanding of Power Platform's capabilities.

DETAILED BREAKDOWN OF STAGES

Setup & Governance

We provide a one-time setup of your Power Platform Center of Excellence (CoE) to ensure governance and best practices are established.

AI Assessment

Our AI-powered assessment replaces traditional brainstorming workshops. It evaluates up to 50 potential automation opportunities, allowing you to focus on those that will deliver the most impact.

Conceptualise & Implement

We transform your prioritised opportunities into live business processes, providing your team with hands-on experience in automation design and implementation for rapid value realisation.

WHAT YOU'LL ACHIEVE

Comprehensive Understanding

Gain a deep understanding of how Power Platform and Power Automate can enhance your operations.

Rapid Use Case Identification with Design Recommendations

AI quickly identifies and prioritises automation opportunities that will deliver the most impact for your business, along with tailored design recommendations to ensure optimal implementation.

Working Prototypes

See immediate results with live automated processes from some of the identified use cases.

Prioritised Roadmap

Receive a customised list of high-value automation use cases for future implementation.

Expert Guidance

Benefit from best practices, tips, and recommendations from 4Sight's experienced automation experts.

NEXT STEPS & CUSTOMISATION

The price for this offering covers the initial setup and pre-defined workshops. We work closely with you to adjust the scope based on your organisation's specific needs and business goals.

Ready to start your automation journey?

Contact us today to learn how 4Sight can help bring intelligent business automation to life.

4Sight Holdings Limited (4Sight) is a public company listed on the JSE AltX (ticker: 4SI) in accordance with the laws of the Republic of South Africa. Our purpose is to leverage our extensive product and services portfolio, focused on **AI** technologies, people and data-focused solutions to design,

develop, deploy and grow solutions for our partners (customers and vendors).

The company's mission is to empower our partners to future proof their businesses through Digital **AI** Transformation to make better and more informed decisions in the modern digital economy.

4Sight's business model enables its partners to take advantage of products and solutions within its group of companies, which will allow them to enjoy turnkey Digital **AI** Transformation solutions across industry verticals.
