

AI Realisation Framework

Accelerate AI adoption that is both governance-driven and most importantly, perfectly aligned with strategic business goals.

Why follow the AI Realisation Framework?

- Tangible ROI from AI investments
- AI aligned to business objectives
- Understand current AI posture and shadow AI exposure

Why Viatel Technology Group?

- ✓ Proven AI Implementation experience
- ✓ Microsoft Cloud & AI expertise providing a secure and scalable foundation
- ✓ Full lifecycle support from strategy to execution and adoption

The Three Step Framework

1

AI Roadmap & Strategy Alignment

Strategic workshops to align AI initiatives with corporate objectives with a specific focus on data governance.

2

Prioritisation & Value Assessment

Evaluate AI opportunities based on business impact, feasibility and ROI.

3

AI Balanced Scorecard

Measure AI's impact across business departments.

Deliverables
