# Active AI: Idea to Prototype

Are you looking to test the viability of your AI idea and bring it to life? Then look no further, as our offering 'Idea to Prototype' is here to help! Our team of experienced consultants will work with your business development team, providing inspiration, education, and hands-on guidance to bring your AI vision to reality. OpenAI and ChatGPT made everyone talk about AI and now it is time to take those ideas into action.

Our intensive work will dive deep into the details of your idea and start implement a prototype that implements your idea. By the end of the two weeks, you will have a working prototype that showcases your idea, complete with a plan for full implementation and an estimate of the cost of running it in Azure.

What you get:

- Work with industry leading experts within the area
- A working prototype of your idea
- A plan on how to go from prototype to production

# Active AI: Idea to Prototype

So, why wait? Take the first step towards realizing your AI vision with Active AI: Idea to Prototype. Our tailored approach to AI development will help you make informed decisions and take the next step towards implementation with confidence.

Price: 135 000 SEK (excl. VAT)
