Back To Work? Enter office ensuring social distancing

Reintroduce the workforce back into your office using a quick app infused with a workflow ensuring social distancing.

A QUICK 5 STEP PROCESS OPENS THE DOOR WITH UTMOST SAFETY

- 1 Open the app in your teams / phone
- 2 Choose your preferred timeslot and the floor/room if any
- 3 Once request is submitted, an epass is generated
- 4 Admins use the app to scan the E-Pass QR code to validate.
- 5 Manually allocate seats if there is a clash in auto allocation

Key Highlights

- Integration with 3rd party contact tracing API
- Masks and other safety gear detection using Microsoft cognitive services
- Floor plan integration with third party services
- Key dashboards to measure effectiveness
