

## Microsoft Dynamics 365 Customer Insights

With Dynamics 365 Customer Insight, you can recognize the latest customer trends and understand your customer behavior. The out-of-the box web analytics reports gain you insights to see who's coming to your website. It can connect data from all your channels thus you can combine behavioral data with customer profile data including transactional, and social media data.

## 4 Hours Microsoft Dynamics 365 Customer Insights Assessment Service

- Full and clear picture of your existing customer data platform with the breakdown in the system, people, workflow process, and technology
- Identify strengths and weaknesses of your customer data platform
- Timeline and cost estimation of the Dynamics 365 Customer Insights implementation project
- Roadmap for improving your existing customer data platform
