› Integration Touchpoints

Adapt2 B2B seamlessly connects with Energy Trade Risk Management (ETRM) systems. We integrate to the following systems designed to Adapt2 Anything:

Allegro	OpenLink
EKA	Pioneer
Entrade	Triplepoint

Nucleus   **MV90**

FIS   **Plexos**

OSI PI

Adapt2 ISO enables quick and easy transparency to the most granular level of ISO settlements. This allows Just Energy to efficiently and effectively use this data to calibrate models and explain results of operations.
