

Azure Integration Landing Zone

Adopt Azure for all your integration needs and unlock growth for your business. Enable your secure and scalable cloud journey with Microsoft Azure and Adaptiv

"Adaptiv's culture of engagement and professionalism, their deep knowledge, and willingness to offer advice and beyond, have been a hallmark of our relationship over the years. The trust and respect we have for Adaptiv is built on their legacy of outstanding delivery for PlaceMakers." - Mark Phillips, GM of Technology for the Distribution and Concrete Divisions, Fletcher Building Group

What is this offer about?

Adaptiv's Azure Integration Services Landing Zone, built on our 15 years of experience, ensures your secure and efficient transition to the Azure platform. The stakes are high; incorrect establishment of landing zones can lead to inefficiencies, increased costs, and security vulnerabilities.

Through our personalised guidance based on Microsoft's Cloud Adoption Framework and proven expertise we fast track the setup of Azure API Management, Logic Apps, Azure Functions, Azure Service Bus and Azure Data Factory. Your success on Azure starts here.

Ideal customer profile

Challenge 1: Struggling with complex integration challenges and struggling in migration to Azure.

- ▶ Customers facing intricate integration challenges and stumbling blocks in their migration journey to Azure. They require seasoned expertise to navigate through the migration process, ensuring a seamless transition while leveraging the advanced capabilities Azure offers.

Challenge 2: Legacy integration platform maintenance

- ▶ Organisations burdened with end-of-life integration platforms find them costly to maintain with scarce resources for proper management. They seek a modern, cost-effective solution and the expertise to transition without compromising ongoing operations.

Challenge 3: Cost-Efficiency and Security Concerns

- ▶ As businesses eye the transition to Azure, concerns around cost-efficiency and robust security measures are paramount. They value a partner who not only guides them through the Azure landscape but also provides actionable insights to optimise costs and enhance security protocols.

We offer a turnkey solution that embraces all aspects of setting a secure Azure cloud capability across people, process and technology.
