Copilot Value Discovery

The Copilot Value Discovery is a three-phase engagement designed to help customers understand the value of AI reinvention, identify top functional scenarios, build a business case and develop a strategic implementation roadmap for AI transformation powered by Microsoft Copilot.

Workshop framework

Inspire (2-4 hours)

Showcase the Microsoft Copilot vision and value by driving "Art of the Possible" style conversations and demos. Discuss AI reinvention and value of Microsoft Copilot, touching on the importance of data security and adoption and change management.

Assess (1 day)

Assess customer's needs and AI readiness by driving technical and organizational readiness assessments. Facilitate C-level interviews, data analysis and workshoping to identify high-value functional scenarios across priority departments.

Design (2 days)

Develop the business case and plan for implementation based on prioritized scenarios. Define next steps and timeline to develop and implement the solution.

What you can expect

Alignment on the potential for **extending** Copilot for your organization.

A **prioritized list of initiatives** that can be targeted by our team.

Recommendations for **objectives, results** and next steps.
