Azure Databricks: AI/BI Hackathon

Before you embark upon your Databricks AI/BI transformation, accelerate your journey and work with an experienced Microsoft & Databricks Partner in a hackathon:

Advancing Analytics' AI/BI hackathon will:

Transform your Data into Insights

Create a recommended Solution Architecture and Timeline

Demonstrate how AI & BI Services on Azure can increase business value and help your organisation increase revenue, while ensuring costs are well-managed.

For a limited time this is offered at **no charge** for customers who are eligible for **Microsoft's Azure Innovate funding**.

It takes less than a week. You'll get an understanding of the next steps your organisation should take including recommendations on architecture.

We'll do all the hard work for you – just drop us a line and we'll let you know if you're eligible.

This service is available for a short time only with good availability in **December 2024** and **January 2025**.

Azure Innovate Funding from Advancing Analytics

Advancing Analytics are recognised leaders in Data & AI. As a **Microsoft Specialised Partner** for **Analytics** and **Artificial Intelligence**. We are also a Select Partner with Databricks and a Microsoft Fabric Featured Partner. Our UK-based team have hundreds of Microsoft and Databricks Certifications and we're proud to be recognised through both the Microsoft and Databricks MVP programmes.

Most Microsoft customers are eligible for a funding programme called **Azure Innovate**. This programme allows Advancing Analytics to run the Express Assessment at no charge to customers, and also offers significant discounts on Azure Databricks implementations.

How to get started:

1.

Contact us about the Express Assessment – we'll confirm your eligibility for the funding.

2.

Fill in the short 2 minute form from Microsoft to get things started.

3.

Let us do the hard work!

There will be a 5 minute survey to complete at the end as part of the Microsoft funds approval process.

For more information, please contact our team of experts at hello@advancinganalytics.co.uk.
