Easily and Quickly Modernize your application using our Framework

App Modernization

ABOUT : Our Framework consists of a set of tasks and methodologies that we execute with the help of the client to take his application from its current legacy status and rebuild it to make it Modern, scalable, extensible, robust.

Advancya's App Modernization Framework takes the client's existing legacy application through a journey of Modernization

It Involves

- Understanding the current application architecture
- Discussing with the client the pain points
- Understanding the importance and the audience for the application
- Establish a new application architecture
- Perform an application facelift
- Ensure Application Extensibility, Security and Robustness

Our Framework mainly targets the application on several levels:

- Architecture of the Application
- Platform hosting the Application
- Updating Application Features

Registration for COVID-19 Vaccine

- The MOPH has approved Pfizer and BioNTech COVID-19 vaccine for emergency use, as safe and effective.
- Qatar plans to provide the Covid-19 vaccine free of charge to all Qatar citizens and residents.
- Certain population groups should receive the vaccine first because they are at higher risk. The three priority population groups are: older people, people with certain chronic conditions and key healthcare workers.

Please read the following instructions:

This service will enable you to register with the MOPH your interest to take the Covid-19 vaccine, and if you are in one of the first priority groups, enable you to request an appointment to take the vaccine.

Even if you are not in one of the listed priority groups, your interest to take the vaccine will be recorded and saved by the MOPH, and you will be contacted when you are eligible.

In order to use this service, you will need to login using your National Authentication System (NAS) TAWTHEEQ username and password

If you don't have a NAS Account, you can create one on the following link: https://www.nas.gov.qa/self-service/register/select-user-type?lang=en

If you forgot your NAS Account credentials, you can reset your password on the following link: https://www.nas.gov.qa/self-service/reset/personal?lang=en
