- Import of Advania's standard financial base data (chart of accounts, posting groups, and general ledger setup)
- Setup of general ledger structure and posting foundations
- Configuration of journal templates (general, inventory, and project)
- Predefined number series setup
- Sales and purchasing setup
- Currency and exchange rate configuration
- Payment methods and terms
- Units of measure
- Country, region, and postal code setup
- Setup of up to 5 users
- Bank integration with your business account
