Rethinking the new working reality – a *hybrid workplace*

Organisations are under pressure to provide **secure hybrid working** and more flexibility for users.

Hardware shortages are driving new technology solutions to allow more collaboration.

Managing **geographically dispersed** userbases along is time consuming.

If you believe that any of these **challenges** are applicable to your organisation, then we can help.

Windows 365 Cloud PC – what is it?

Windows PC in the Cloud that offers a **full Windows experience** from any device.

Access from anywhere with a personalised Windows desktop via webpage or remote desktop client.

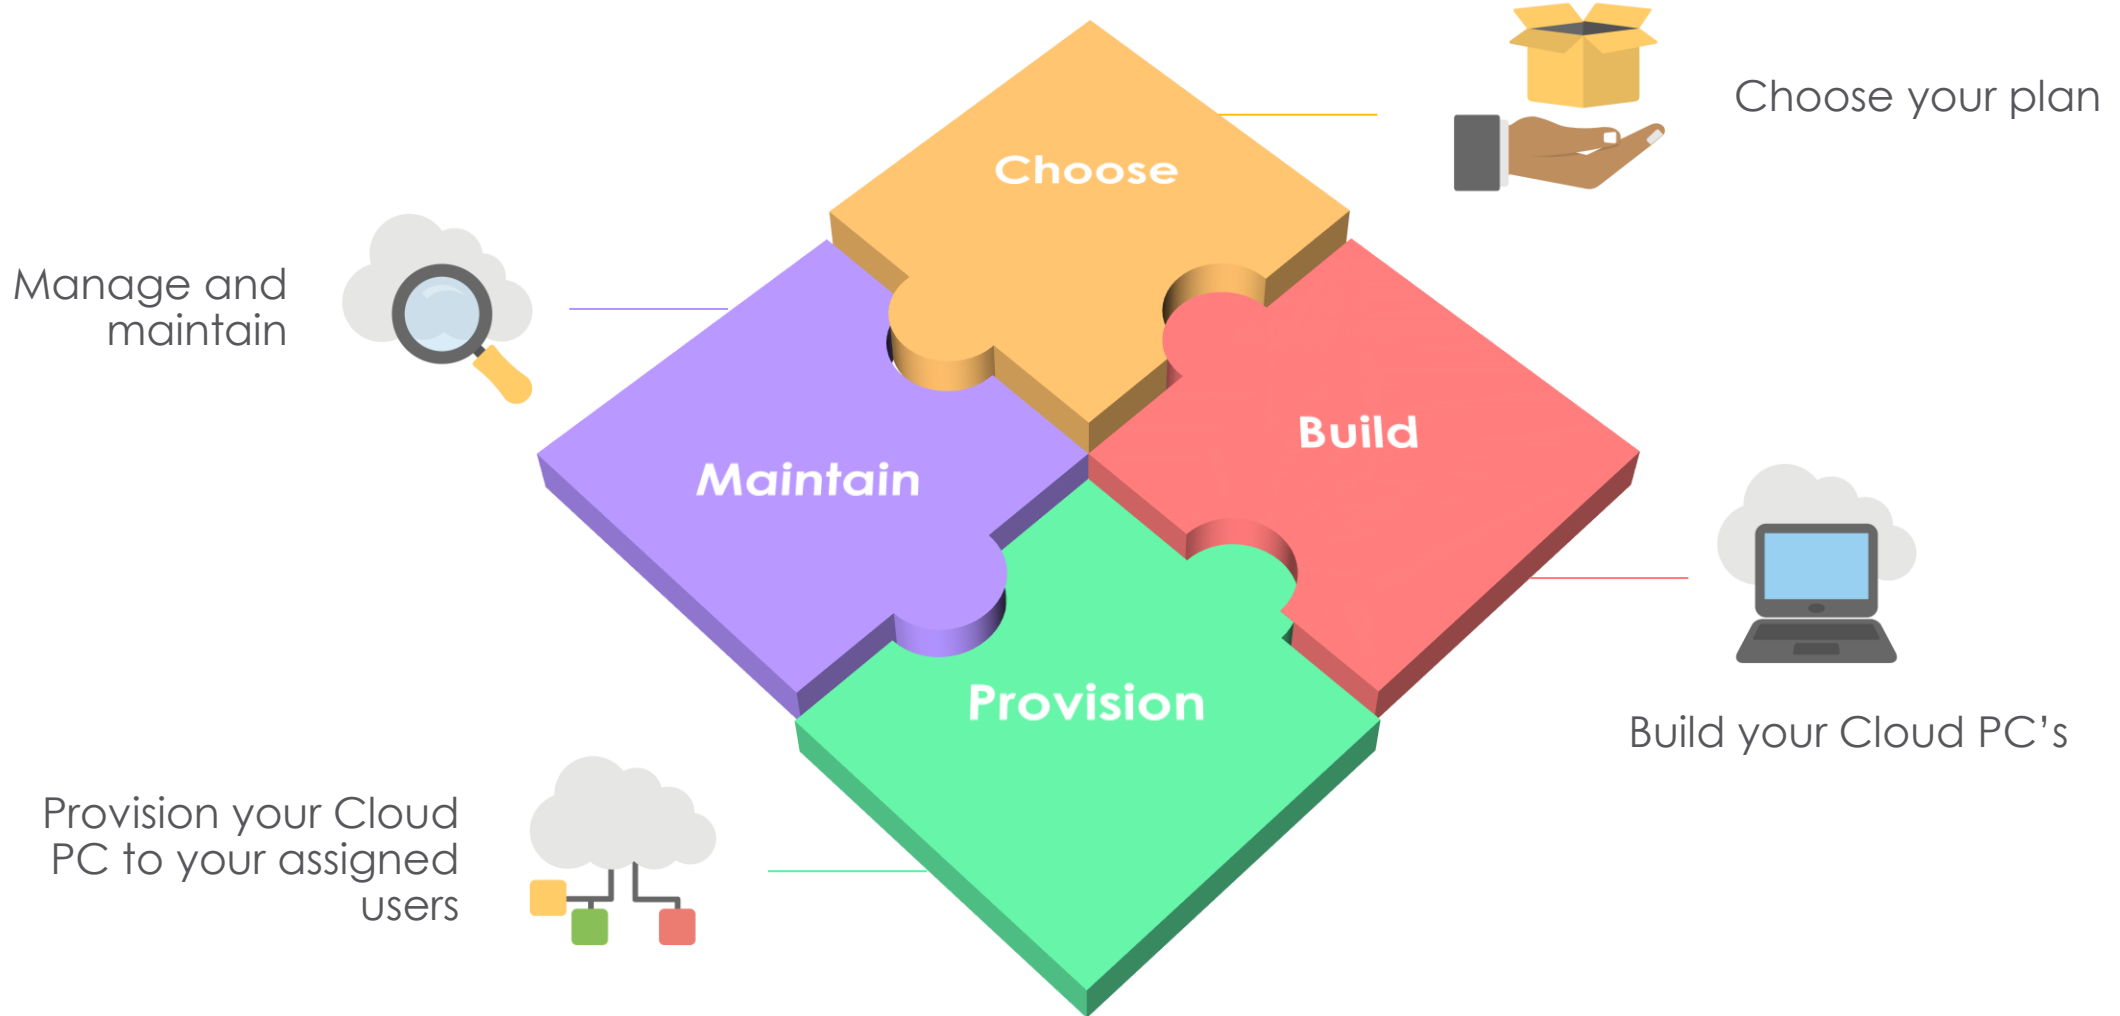

Easy to set up, manage and maintain with support for the usual endpoint management toolsets.

Built on top on Azure Virtual Desktop so **your data is safe and secure.**

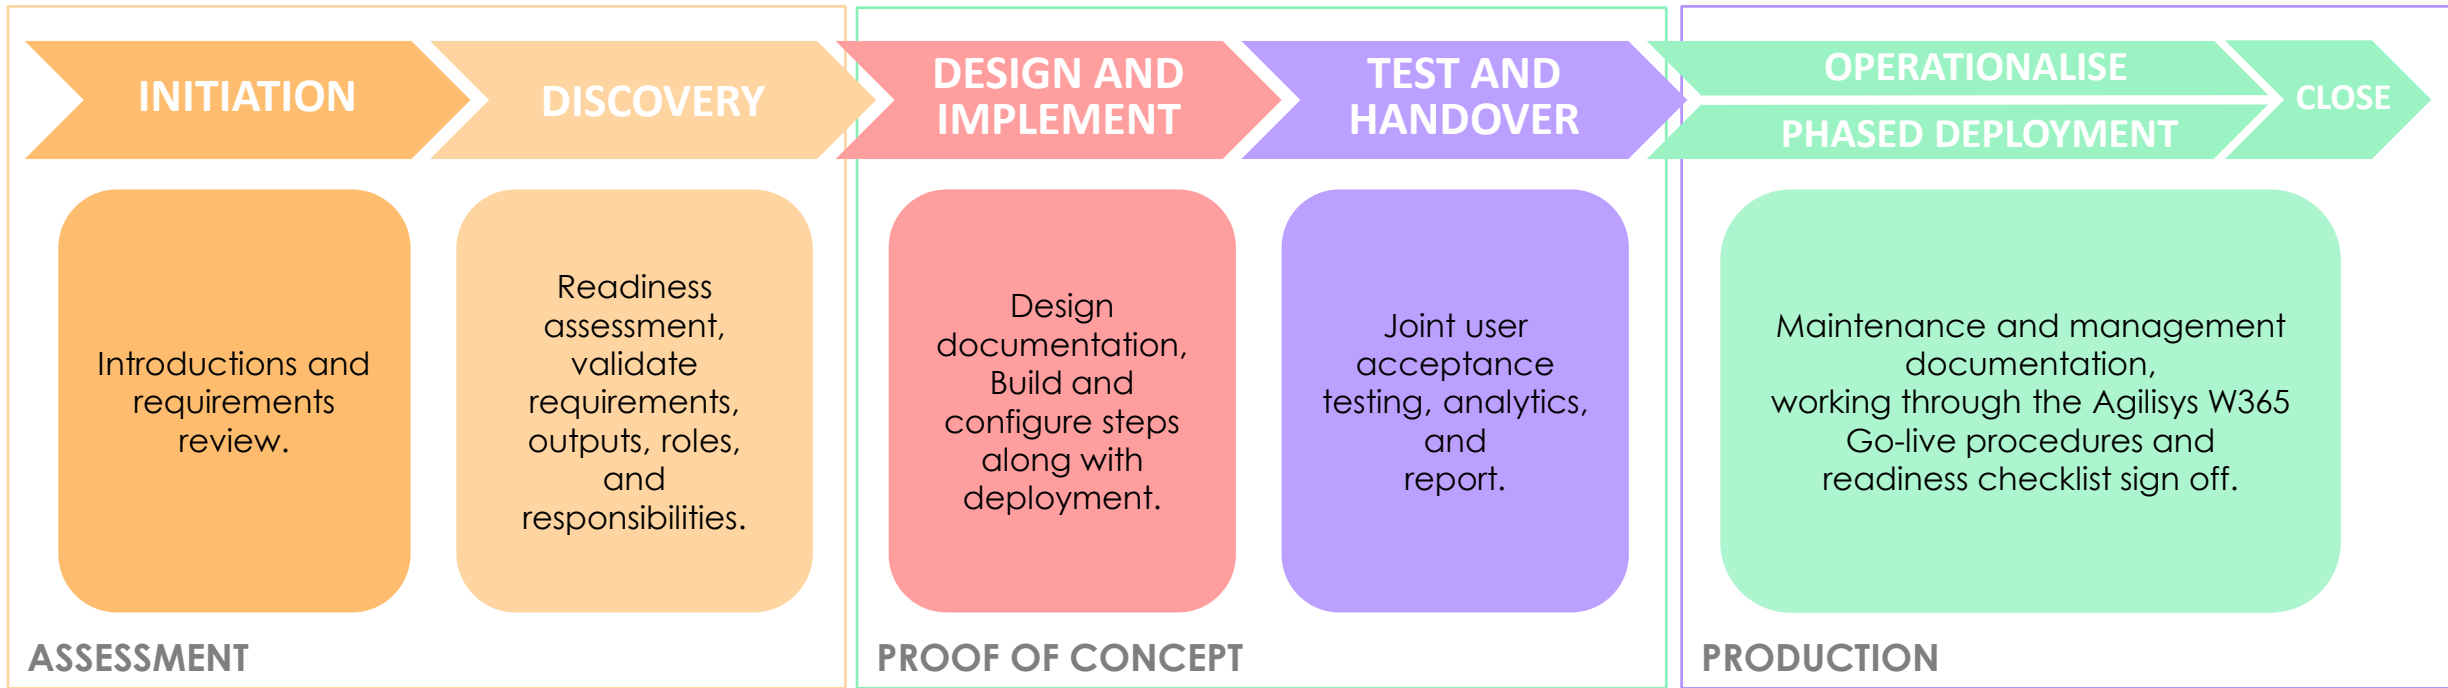

Windows 365 Cloud PC – is quick to implement

Windows 365 Cloud PC – a path from proof of concept to production

The image features the word "Agilisys" in a white, sans-serif font. The letters 'i' and 's' are lowercase, while 'A', 'g', 'l', 'y', and 's' are uppercase. Four small colored dots are placed above or below the letters: an orange dot above the 'i', a green dot above the 'l', a purple dot below the 's', and a red dot below the final 's'. The background is a dark gray with a vertical black line and two large, thin black arcs that partially encircle the text.
