

Collaborative Apps Workshop

Be a hybrid work hero with Microsoft Teams and Collaborative Apps!

Hybrid working is here to stay, but how productive is your workforce while logging in virtually?

Even though hybrid working is our new reality, many employees are switching between disparate tools, reducing performance, dividing attention, and lowering overall employee engagement.

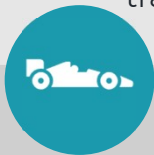

Can you afford to wait?

If you are reading this, it's likely you've already invested in Microsoft Teams. So why not make the most of it?

Ingentive will guide you through ways to extend and customise your Teams workspace, adding and connecting all the apps your people need to get their work done most effectively for your business.

Why Ingentive?

At Ingentive, we specialise in unleashing the full potential of Microsoft's business applications, orchestrating complex Azure deployments, and navigating the intricacies of Microsoft Modern Workplace and Cyber Security. What sets us apart is our unwavering focus on infusing every solution with the transformative power of AI.

Start Fast

From out-of-the-box apps in the Teams App Store, to custom solutions that fit to your unique business, we've got you covered.

Accelerate Outcomes

Leave this workshop with a tailored plan to get your apps and running, taking advantage of a centralised workspace right away.

Stay Secure

Feel confident knowing your applications, data and communications are protected across Microsoft services.
