# Microsoft Viva Envisioning Workshop

## Unleashing Microsoft Viva's Potential in a Day

Energise your workforce with Microsoft Viva's suite, now enhanced by the powerful Copilot. Ingentive introduces a concise 1-day workshop, providing an organisation-wide overview, practical demonstrations, and the creation of prioritised employee experience objectives. Maximise the impact of Microsoft Viva with Ingentive's streamlined guidance.

Our phased approach ensures the efficient and effective delivery of the suite through a series of projects aligning with business requirements and exceeding expectations.

**1 Evaluate:** Understand your organisation's current position on the Microsoft Viva journey, define your desired destination, identify existing challenges, and assess the clarity of your vision.

**2 Validate:** Engage with business leaders to validate insights and acknowledge that your employees, who ultimately know your business, are instrumental in shaping the optimal roadmap for success.

**3 Implement:** Leverage the uncovered insights and engagement to implement changes tailored to your organisation. Our approach revolves around YOU.
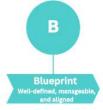

**4 Support:** Ingentive goes beyond implementation; we provide ongoing support to ensure Viva adoption and utilisation are optimised. We guide your organisation in implementing sustainable actions, ensuring you are not left alone to navigate the path to success.

With Ingentive's **BOOST** methodology, your Microsoft Viva journey is not just a destination; it's a transformative and supported experience.
