

Power Virtual Agents

Microsoft Power Virtual Agents offer round-the-clock assistance, providing instant responses to customer queries. Automating routine inquiries allows human agents to focus on more complex issues, leading to improved service quality and faster resolution times.

By automating routine inquiries, employees can forget about mundane tasks and focus on providing superior care to their patients. Save valuable time and effort using Power Platform capabilities for your operations.

Global Microsoft Award Winner

We have been recognised by Microsoft with six global awards including winning the inaugural award for Diversity and Inclusion partner of the year.

"They're the experts in Microsoft products, we trust and utilise the Ingentive expertise and experience to digitally transform."
Richard McGregor, Head of Digital Performance at Cumrbia Health
