

Get Microsoft 365 Copilot Ready with Ingentive

Establish a robust data strategy to unlock the power of AI

In the world of AI productivity tools, Microsoft 365 Copilot is here to transform the way we work. By leveraging the **Ingentive Confidence Platform**, you can expect a strong data foundation, compliance, governance, and future-proofing your data management to ensure long-term adoption and sustainability of Microsoft 365 Copilot.

How Ingentive supports Microsoft Copilot

✓ Readiness

STEP 1

- **Centralise your data in Microsoft 365** so it can be accessible to Copilot
- **Improve your data quality** as the foundation of AI recommendations.

STEP 2

- **Identify sensitive and overshared content** in Microsoft 365
- **Clean up permissions and enforce policies** to secure your data.

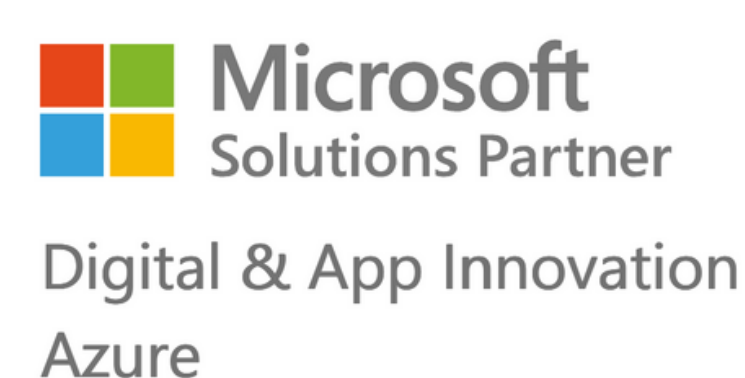

⚙ Sustainability

STEP 3

- **Enforce go-forward governance** of workspace creation and classification.
- **Establish data lifecycle** policies for ongoing compliance.

Ingentive are globally recognised with six Microsoft awards

Over the last four years Ingentive has been recognised by Microsoft with six global awards including winning the inaugural award for Diversity and Inclusion partner of the year.

Why Ingentive?

At Ingentive, we specialise in unleashing the full potential of Microsoft's business applications, orchestrating complex Azure deployments, and navigating the intricacies of Microsoft Modern Workplace, Custom Coding and Cyber Security.

What sets us apart? Our unwavering focus on infusing every solution with the transformative power of AI.
