

Akudos is a recognition platform that makes it easy for you to celebrate the people doing great stuff in your community

### Award Management

Build your own workflow to collect nominations and support material and then distribute them to your judges. It's never been easier to run an awards programme.

### Staff Recognition

Build a work culture that rewards the embodiment of your company values. Make it easy for staff to engage and management to acknowledge excellence.

### Grants & Funding

Needing to collect submissions for your grants and funding programme then get all that information to your assessors? Easy with a system that is configurable to your needs.

### Scholarships

Acknowledge up and coming talent with your scholarship funding program. Reduce the pain of applying and managing the collection of results and comments from your selection panels.

### Incubator / Accelerator

Are you running a program that recognises good ideas and wants to help them grow? Akudos can help you capture the information you need and work through the selection process with ease.

### Something Different?

Akudos is designed for you and very much by you. Let's talk and see how we can work together to make your programme a success.

# The Features you Need

## Nominations, Submissions and Applications

Use our Form builder to make forms and workflows that your applicants will love. Easy anonymous registration with embeddable forms or hosted registrations for continued use and management. Applicants can save progress, upload media and documents or anything else you need.

## Judging, Assessing and Evaluating

We have created a space where your busy judges can get stuff done quickly. Everything they need to review nominations or applications and tools for viewing support media and documents. Akudos has multiple judging methodologies so applications can be ranked or scored on a criteria.

## Management, Administration and Reporting

Akudos has tools to help make the job of managing awards easy. No more paper forms, copying and pasting into Excel or sending out thumbdrives with media. No more wondering how far along your judges are in the process and if they have opened that last reminder email. View and report on your results and ensure the integrity of your programme with auditing.
