# Microsoft Teams Phone

An enterprise-grade cloud communication service built for all the ways you work.

## Microsoft is a trusted leader in UCaaS

Microsoft is positioned highest for “Ability to Execute” in the 2021 Gartner Unified Communications as a Service (UCaaS) Magic Quadrant.

This is Microsoft’s third consecutive year as a Leader for the Gartner UCaaS Magic Quadrant.

Microsoft is also a leader in the Meeting Solutions Magic Quadrants.

### Read the reports at:

UCaaS: [Magic Quadrant for Unified Communications as a Service, Worldwide](#)  
Meeting Solutions: [Gartner Reprint](#)

**Simplified communication and collaboration through a single app.**

**Enterprise-grade communication features.**

**Flexible, mobile-first experience and devices.**

# Where to start?

There are several options to consider as you begin your journey to Teams in the Microsoft cloud. We will provide guidance to help you decide what fits for your organization. This will include determining the right connectivity option to the Public Switched Telephone Network (PSTN), guidance on deciding on usage of auto attendants, call flows and other features.

## We will help you:

Acquire and/or port phone numbers

Deploy dial plans and call routing

Plan for other requirements such as Faxing

Configure auto attendants and call queues

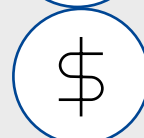

Enhance your deployment for advanced functionality

## Using Teams Phone saves time, reduces costs, and improves business performance

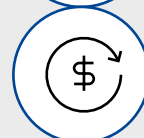

**1.25 hours per week**

Average time saved by mobile workers.

**\$11.1 Million**

Three-year net savings.

**>132%**

Return on investment.

**3 months**

Payback after go-live.
