ALTILIA intelligent automation\_

# The Al that gets your documents talking

Augment people Automate processes Accelerate businesses

Vision

Al is quickly becoming a leading force for value creation across of any business and industry.

### Mission

To become a world leader in AI democratization by elevating Intelligent Document Processing (IDP) to streamline Intelligent Automation and to empower knowledge management.

What we do

We are building **Altilia Intelligent Automation (AIA)** a revolutionary, no-code and cloud-native platform, designed to help users create end-to-end solutions for unstructured data processing.

# Turn any kind of document

#### Examples:

invoices, bills of lading, tax forms, payrolls, utility bills, ID documents, emails, transcripts, news, financial statements, 10-K forms, balance sheets, medical diagnoses, and many others
