

Viva Suite Realisation Assessment

Create a pathway to adopting the Viva Suite through understanding of your vision, prioritising your needs and readiness to adopt a unified employee experience platform.

Why Antares Solutions?

Antares can help you to gain an understanding of your vision for the Viva Suite and readiness. Our team will work with you to understand:

- Your unique business scenarios and employee experience journey
- Identify your top value Viva scenarios and create a plan for readiness
- Plan for adoption through an early adopter program
- Create awareness of Viva and how it can help your business

Get started today with the **Viva Suite Assessment**

- Assess the full Viva Suite to create a high-level Viva Employee Experience Realisation Plan
- Define and prioritise features and scenarios to address your short- and long-term goals
- Identify the first two 2 Viva Products to implement that align to your Employee Experience goals
- Plan your next steps
