Digital Signage

Optimize your office with digital signage that integrates with Microsoft

Microsoft Partner

Dynamic Digital Signage

Book, confirm, extend, and end meetings directly on the sign.

All meetings booked through Microsoft 365, Outlook®, or on a sign are automatically synchronized.

Combine and choose between:

» Room booking displays

» E-paper screens

» Desk booking screens

» Kiosk solution

» Overview & directory screens

Facts & Features

Optimize your internal resource utilization and make room booking easy.

Enjoy features, such as:

» View current and upcoming meetings

» Create, confirm and edit meetings directly on the sign

» Color coding & status light

» One-touch booking to start / end meetings

» Manage all your digital signs remotely from one location

» Centralized web-based dashboard

» Built-in template editor with sample templates

» Display video or background images

» Pin-code protection for accessing the sign

» RFID card-reader for enhanced security

» Integration to Microsoft 365 & Exchange

The options may vary depending on the chosen hardware.

Add-On® PRODUCTS

Flexible Booking with **Benefits**

» Dynamic

» Customizable

» Enhanced Communication

» Increased Efficiency

» Cost savings

COMBINE YOUR DIGITAL SIGNAGE WITH OTHER SOLUTIONS:

» Integrate with Add-On Products' workspace booking solution Resource Central

» Get the Workspace App to book on-the-go from mobile devices

Hardware independent

Buy hardware directly through Add-On Products or our local resellers or use your favorite hardware running Windows, iOS, and Android.

You can change the hardware without changing the software.

Take a look at Add-On Products' trusted hardware partners here.

Room Booking Displays

The intuitive door sign interface ensures easy room booking and optimizes your internal resource utilization.

You can view room availability and today's upcoming meetings. Book, confirm, extend, and end meetings directly on the door sign.

Manage each display in a central admin interface, which includes heartbeat functionality for each sign, usage statistics, and template builder.

Improve Workspace Management

Desk booking screens help maximize space utilization and reduce overhead costs.

Simply locate an unoccupied workspace and tap the touch screen or scan your RFID access card to book the desired workspace.

Our desk screens integrate with Microsoft Exchange / 365®, so schedules are updated automatically.

See all options here.

BOOK

Overview & Directory Screens

Welcome and guide your guests while branding your company with a complete solution with video streaming, RSS feed, and multimedia handling.

» Wayfinding & bookable floorplans

» Up-to-date meetings, news and visitor information

» Directional arrows to guide visitors

» Increase your reception efficiency

Find out how to make visitors feel welcome.

Kiosk Solution

Use a self-registration kiosk for easy and convenient visitor check-in.

Perfect for:

» unsupervised lobbies

» high-traffic reception areas

» notifying hosts automatically

» freeing time for front desk staff

Combine the kiosk with a visitor management software solution
