

# FABRIC ANALYST IN A DAY WITH APEXON

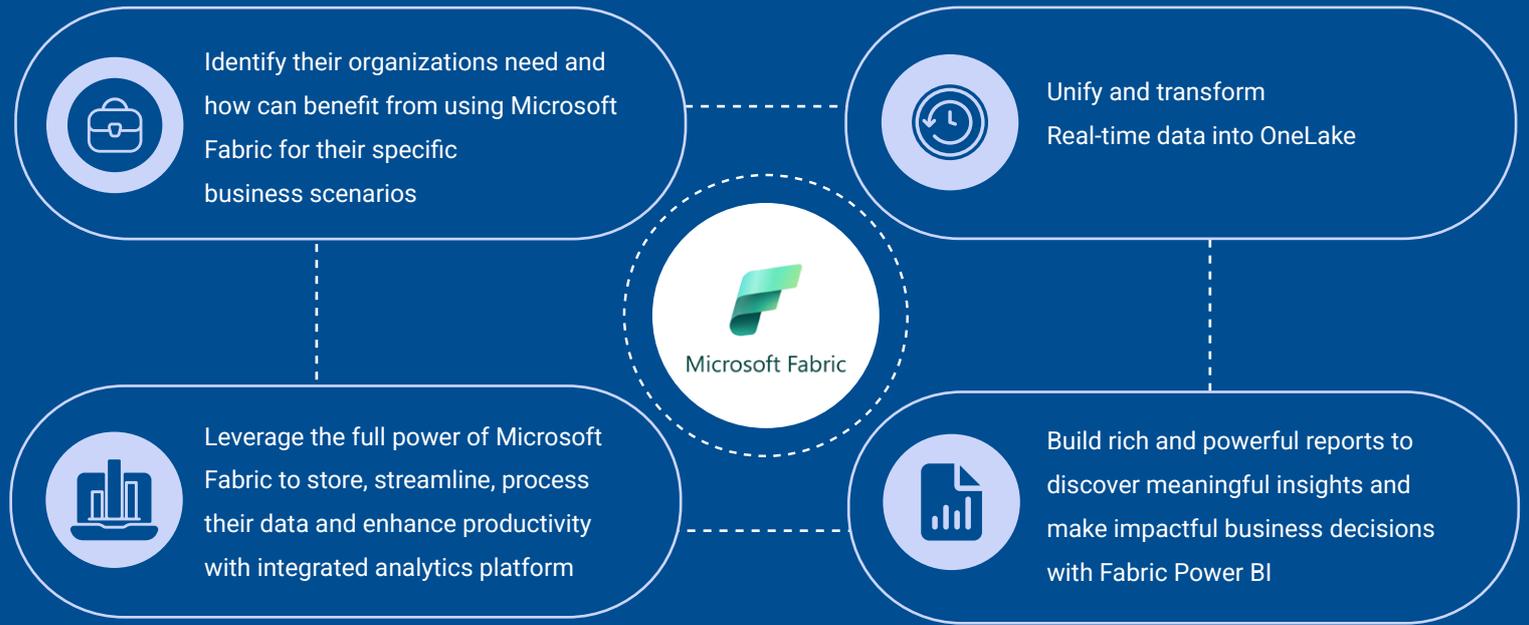

Apexon, in partnership with Microsoft, is certified to deliver a free one-day workshop, **Fabric Analyst in a Day**, covering Microsoft Fabric's unified analytics capabilities.

This recognition highlights our expertise as a **trusted Microsoft Delivery Partner**, reinforcing our capability in conducting **Fabric Analyst in a Day** programs. It reflects our commitment to delivering high-quality training and enablement sessions, empowering organizations to maximize the potential of **Microsoft Fabric**.

Join us for an exclusive Fabric Analyst in a Day workshop designed to help participants harness the full power of Microsoft Fabric—an integrated analytics platform combining **Azure Data Factory, Azure Synapse Analytics, and Power BI** for a seamless data experience.

Apexon is recognized as a Microsoft Fabric Featured Partner, and is among a select few partners to earn the Fabric Real-Time Intelligence Featured Partner designation for expertise in delivering real-time intelligence on Microsoft Fabric.

# LEARNING AT THE END OF THE DAY
