What we offer?

We increase the business's ability to respond to market needs. We optimize the cost of TCO ownership. We provide safe access from anywhere. When developing the server infrastructure migration service to the Microsoft Azure service, we relied on proven principles presented by Microsoft in the Cloud Adoption Framework and our experience. A great distinction is the fact that APN Promise SA has the competence "Windows Server and SQL Server Migration to Microsoft Azure", which has been confirmed by our experience.

Scope of work of the service:

- Determining the assumed business results when switching to the cloud and developing a financial model [1 Day]
- Development of a detailed cloud adoption plan for a selected part of the infrastructure [1 Day]
- Implementation and configuration of the planned Azure infrastructure [2 Days]
- Conducting knowledge transfer on the implementation Azure infrastructure [1 Day]
