Cloud Maturity Assessment with ARQ Group

Consulting Offer

Assess your cloud maturity and start to build a roadmap to the cloud

ARQ Group can help your organisation understand its current cloud maturity and capabilities and help you formulate an action plan to work towards a new cloud strategy and help your business unlock the value of cloud.

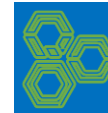

Benefits

- Identify knowledge gaps & improvement opportunities
- Understand your cloud maturity
- Bring awareness to the value of cloud to key stakeholders
- Help you build a next steps plan for a cloud strategy

Customer contribution

- Provide access to key business stakeholders and product owners
- Provide overview of current cloud strategy and operations

Key activities

Conduct data collection to support analysis

Execute a cloud maturity assessment using ARQs cloud assessment questionnaire

Review findings and define scope of work for benefit realisation

Provide some next step actions to drive adoption of cloud across your business.
