

At Artic, we have a lot of experience working with nonprofits. We've developed special services that accentuate what already works well for you. Have enterprise-level technical solutions at a fraction of the cost.

Artic has assembled solutions for nonprofits of all sizes. Bringing together productivity and technology solutions that help nonprofits be more efficient and secure... so focus can be on the strength and mission of their organizations.

As a Microsoft Gold Partner, Artic will help you take advantage of amazing offers from Microsoft, all at reduced costs or free for qualifying nonprofits. The team at Artic will:

- Help register your organization and guide you through the process of setting up a Microsoft Nonprofit account
  - Deeply discounted Microsoft Office subscriptions
  - Thousands of dollars in annual credits for Microsoft's cloud product, Azure.
- Work with you to understand your organization and its unique needs
- Implement processes and toolsets with little disruption to your organization
- Integrate with other tools you rely on
- Train your entire staff on features and functionality, to ensure you're using all the solutions have to offer.
- Be there for organizational growth and assistance with your future needs
- Access what's needed on any device, from anywhere

Microsoft 365 Business offering includes:

- Office: Secure email, easy to use productivity tools, all seamlessly working together.
- SharePoint: Microsoft's enterprise-level intranet solution to keep you organized and collaborating with ease.
- Teams: Communication, collaboration, and video conferencing all in one tool that is secure.
- One Drive: A single repository for all of your content that makes storage of your important content safe, secure, and easy to access from any device!

**A critical component of quality work is first understanding the goal that fuels the project in the first place. Artic started with this as the foundation for our SharePoint site so that it translated into our very own virtual community gathering space to share ideas, progress, history and upcoming events.**
