Microsoft Purview Rapid Adoption

Accelerate Data Security, Compliance and AI Readiness

Microsoft Purview offers a robust, integrated solution for data governance, compliance, and security, but many organizations struggle to fully implement and maximize its capabilities.

Ascent's **Purview Rapid Adoption** program delivers expert-led guidance and a structured deployment framework, ensuring organizations can efficiently integrate Purview's advanced features.

Secure Your Data & Enable AI with Confidence

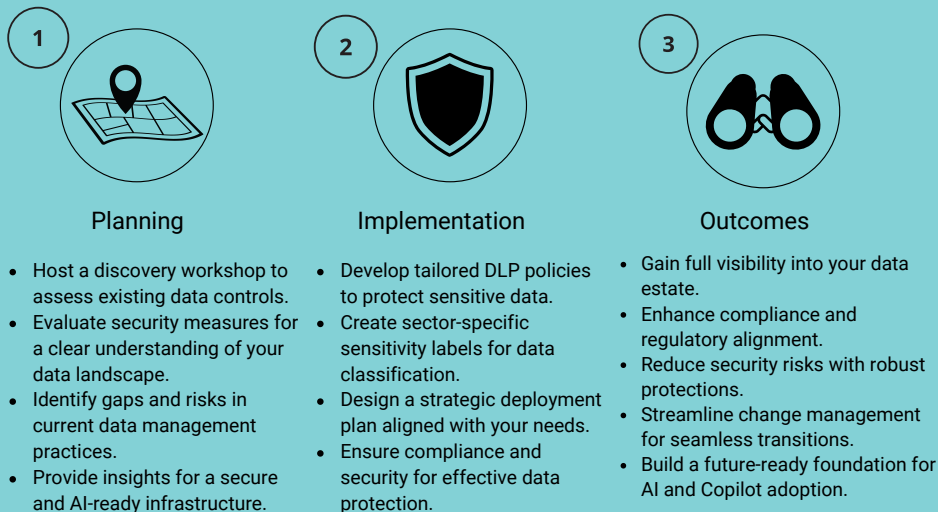

Many businesses lack visibility into their data estate, creating security gaps and compliance risks. Ascent's Purview Rapid Adoption ensures your organization is prepared for AI, compliant with regulations, and fully in control of your data.

Gain Control Over Data – Identify who has access, what data is sensitive, and where risks exist.

Ensure Compliance – Align data protection policies with industry and regulatory standards.

Prepare for AI Integration – Secure sensitive data to enable safe AI adoption across the business.

Purview Rapid Adoption Program

About Ascent

Ascent is the cybersecurity partner to **SECURE, ADVISE and MANAGE** the enterprise. We are built to help firms evolve their cybersecurity posture, modernize their Microsoft solutions and manage their security programs. Ascent provides organizations with the Microsoft Security expertise needed to quickly move beyond security constraints and focus on achieving business results.
