

We record & analyze communications

Unlocking Teams for External Communications with Compliance Recording

Legally Compliant Recording of All Media in Microsoft Teams with Recording Insights

Enabling Teams for customer interactions in regulated markets

Compliance recording is mandatory for external communication in regulated industries, like finance, public sector, and healthcare.

With Recording Insights you can enhance your Microsoft Teams experience with native compliance recording and analytics to fulfill legislations like MiFID II, Dodd-Frank, FCAC, Finma, and GDPR while using Teams in your customer interactions.

Market-leading Compliance with Recording Insights:

Native Teams App, certified by Microsoft

Meet all regulatory compliance requirements

Fast & easy onboarding requirements

Embedded in the Teams User Interface for a unified user experience

AI Policy Engine for automated risk management

User matching via Active Directory

Capturing all media in Teams (voice, video, chat, screen & others)

Integrated to Dynamics 365 for an overview of conversation history

Azure geo-redundancy, any selectable region

Covers All Teams Phone options: Calling Plan, Direct Routing, Operator Connect and Teams Phone Mobile

Transcription and translation into 90+ languages

Transactable via the Azure Marketplace
