

FULLY MANAGED IMMUTABLE BACKUP

Assured Data Protection (Assured) is a global data backup and disaster recovery managed service provider. As Rubrik's largest and most established MSP, Assured operationalize Rubrik's Zero Trust Security solutions, delivering data security and protection to customers in over 50 countries worldwide.

Assured's dedicated team provides 24/7/365 support to ensure customers can protect, detect and recover critical data and operations with minimal downtime.

Assured's managed service solutions, built on Rubrik's Security Cloud, enable organizations to control their entire backup environment ensuring resiliency against data loss, natural disasters and cyber attacks.

DATA SECURITY

Assured's managed services protect and secure your backup data in an immutable format, whether on site, off site or in the cloud.

INCREASED PRODUCTIVITY

Spend less time managing backups and start to automate backup policies, allowing more time to focus on production tasks and products.

SCALEABLE PLATFORM

Scale up and down to meet your current and future data protection requirements, with a flexible billing model based on consumption.

SECURE DATA MANAGEMENT FOR ALL APPLICATIONS

PHYSICAL

VIRTUAL

NO SQL

CLOUD & SAAS

RANSOMWARE PROTECTION

Assured's solutions defend against ransomware and other cyber threats by identifying potential security threats before data breaches happen.

MONITOR YOUR ENVIRONMENT

Assured is an extension of your IT department providing best practices for data retention, controlling growth and recovery, locally or in DR.

BUILT FOR CLOUD ENVIRONMENTS

Assured's solutions are suitable for any environment, on-premises or in the cloud, allowing for feature parity regardless of location.

INCLUDES ALL HARDWARE

Assured provides Rubrik as a fully managed service including all hardware, software and support, tailored to meet your technical and commercial requirements.

AUTOMATED REPORTING

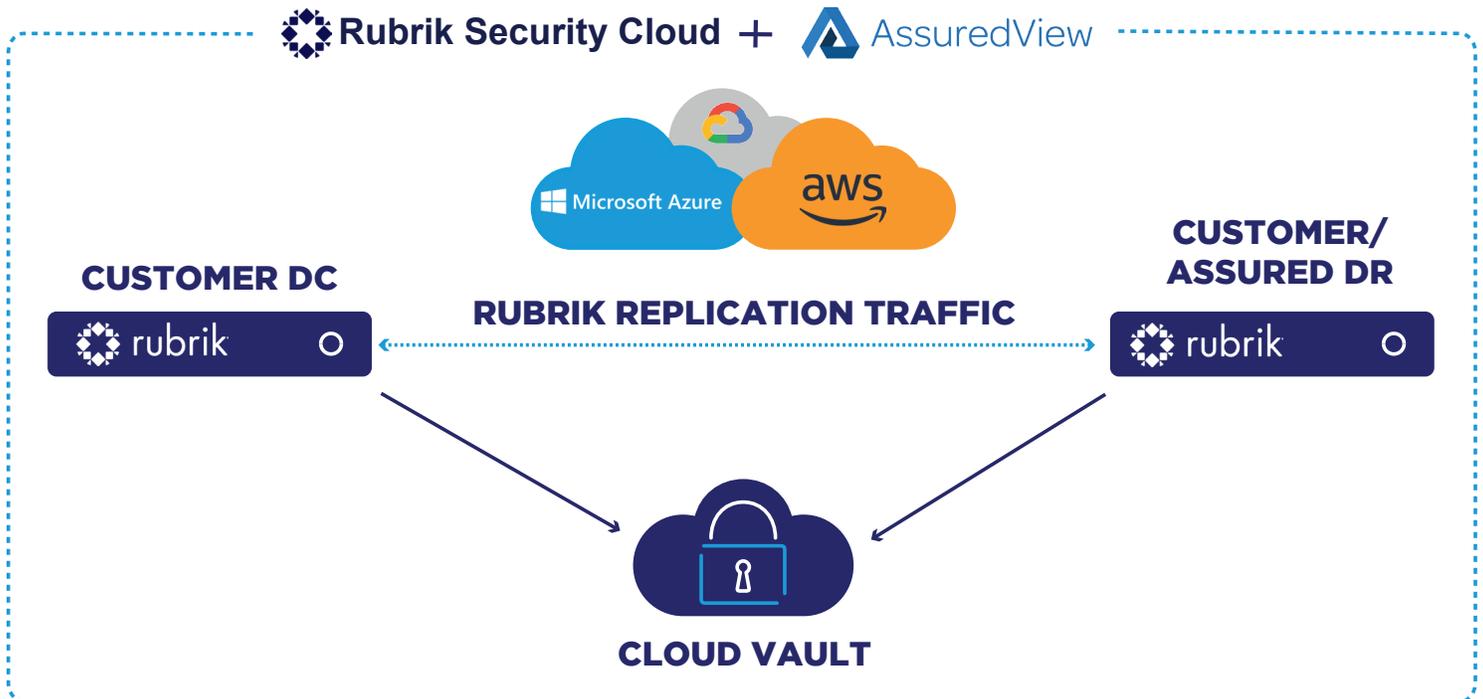

Automated reporting memorializes a 24-hr period and is sent to the customer daily for regulatory, audit and compliance needs.

INSTANT RECOVERY

Rubrik Live Mount and incremental restore enables near instant recovery of workloads and their API allows automated recovery to any location.

SOLUTION ARCHITECTURE

DEPLOYMENT OPTIONS
