

Microsoft 365 Copilot Workshop

Empower your people to be productive with Microsoft 365 Copilot

Designed as a three-phase engagement, the Microsoft 365 Copilot Workshop helps customers assess their needs, prioritize Copilot scenarios, and define an actionable roadmap.

Assess

Define scope, identify business stakeholders, and gather information on key business scenarios. Complete and review readiness assessment and guidance.

Art of the Possible

Showcase the intelligence added to employee experiences by unleashing creativity, unlocking productivity, and leveling up skills (included in the demos).

Build the Plan

Develop a plan to implement recommendations based on prioritized scenarios. Define next steps and timeline to develop and implement the solution.

Why you should attend

We'll discuss the scenarios available with Microsoft 365 Copilot to enable productivity.

We'll evaluate your options and leave you with a concrete deployment plan and next steps.

This workshop is focused on identifying productivity scenarios that align to your business needs and address the following:

AI-Powered Organization

The new performance equation will showcase the key findings of a study and the actions the customer should take based on those findings

Responsible AI

We will show why Responsible AI matters and Microsoft's approach to Responsible AI.

Unlock Productivity

Illustrate how Copilot summarizes actions for end users and optimizes their time.

What to expect

Copilot are the next step to be productive for your people, teams, and organization.

Our goal is to empower people to be productive and secure as they adapt to new ways of working with Microsoft 365 Copilot.

We'll work with you to:

- Deeper understanding of the technical requirements
- Review of the assessment and readiness assessment results to increase understanding on fits and gaps
- Discuss components of the AI-powered organization
- Why Responsible AI matters and the potential AI has for today and tomorrow
- How Copilot is embedded across Microsoft 365 apps
- Understanding how to enable workers with Microsoft 365 Copilot to increase their creativity
- Provide a Microsoft 365 Copilot adoption plan.

We'll customize the workshop based on your organization's needs
