# Microsoft Teams and Cisco Webex interoperability

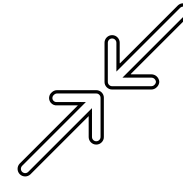

---

Microsoft and Cisco announced a partnership to work together to simplify the interoperability between Microsoft Teams Rooms and Phone System with Cisco Webex Room devices and IP voice gateways respectively. This partnership aligns with both Microsoft and Cisco's dedication to openness, interoperability and customer choice. It includes three new initiatives to help customers to get more out of their current investments:

## Cloud Video Interop (CVI)

CVI partnership enables Cisco Webex video devices to connect to the Microsoft Teams meeting services.

## Direct guest join

Microsoft and Cisco provide direct guest join capability from their respective video conferencing device to the web app for the video meeting service.

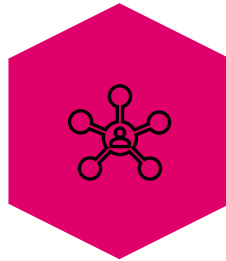

## Direct Routing for Phone System

Customers who use Cisco SBCs can now deploy Direct Routing for dial tone in Teams without replacing infrastructure.

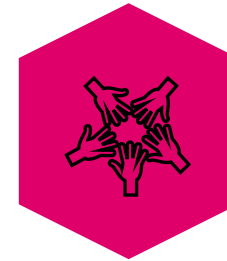

# Customer benefits

---

## Free choice

Users can join meeting regardless of their collaboration platform

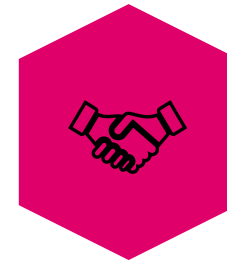

## Best experience

Best collaboration experience for users

## Frictionless

Easily integrate Cisco and Microsoft without the need for 3rd party solution

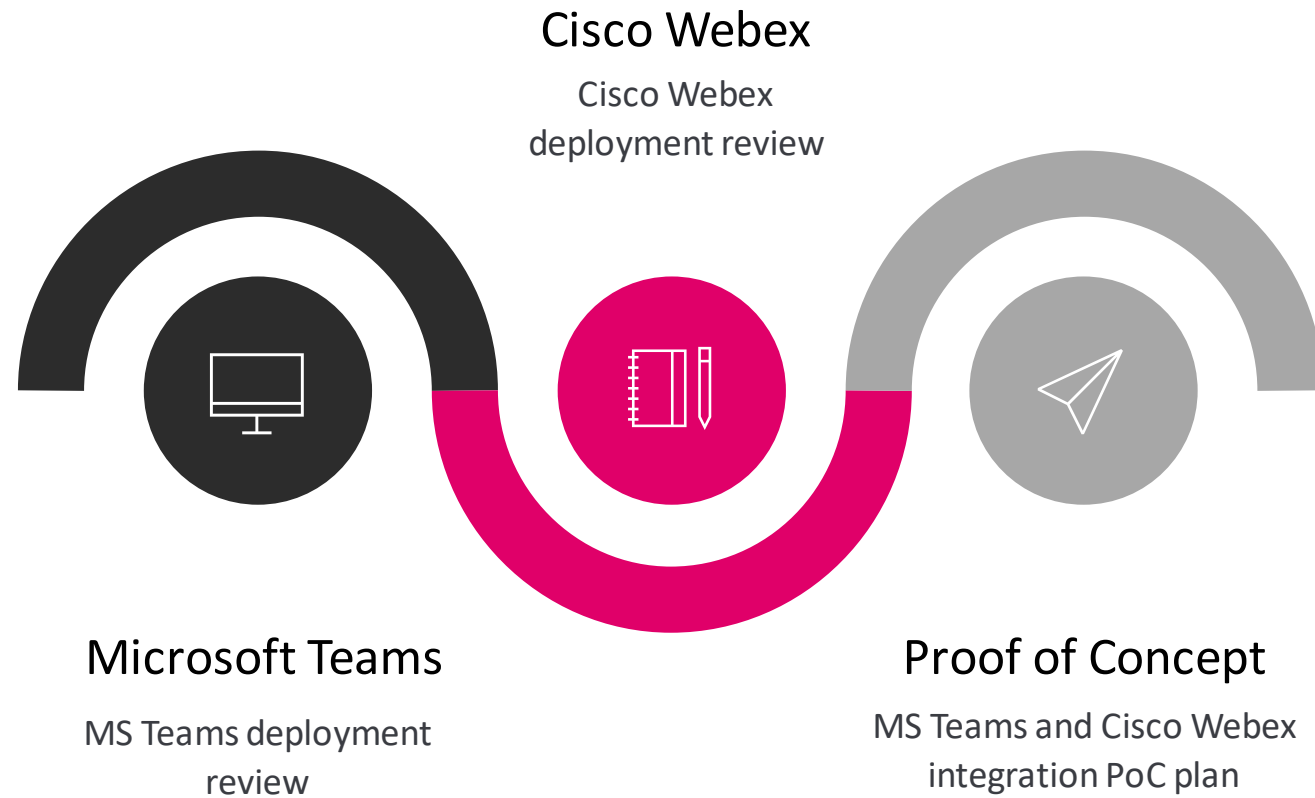

## Trusted advisor

Atende helps integrate Cisco and Microsoft platform seamlessly

# Why Atende

---

Microsoft Teams experience

Cisco Webex experience

Collaboration expert

# **Atende:** **ICT integration leader**

---

Atende is one of the leading capital groups in the IT sector in Poland.

25 years ago we connected the first Polish companies to the Internet. Since then, every day we build the success of our customers with the latest and most advanced solutions in the field of IT infrastructure and innovative software. We specialize in the integration of ICT, combining the offer of world-class suppliers, building new generation computer networks and data centers. We offer leading solutions in the area of cybersecurity. An increasingly important part of our business is cloud computing and managed services.

As a group consolidating eight companies, we provide comprehensive IT systems for the most important market segments: telecommunications, energy, public administration, media, finance and healthcare.

A target with arrows hitting the bullseye in a desert landscape. The target is on a wooden stand, and the background shows a vast, flat desert floor with mountains in the distance under a clear blue sky.

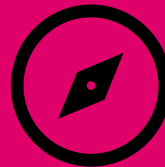

# Vision, mission and values

---

## VISION
