

infoHub CP

Councillor Portal

for Councillors to securely access resources and other relevant materials for day-to-day activities i.e. business papers, expense claims, councillor requests, notice of motion etc.

Integration

to your content wherever it lives within your organisation, including but not limited to, content/document management system, CRM, intranet, file servers, cloud-based solutions or within the infoHub CP framework.

Flexible Implementation

including but not limited to onsite Microsoft SP framework, SP online or cloud as well as Microsoft O365, thus maximizes existing investment in Microsoft Enterprise Licensing and/or other platforms

Browser & Device Agnostic

our solution is truly independent of whichever browser or device a user would like to use

Reporting & Analytics

provides access to standard reports and also an option to develop specific drill down reports as required by the business
