Datacenter Cloud Transformation

Escape out of legacy environments to free up resources for modernization and digital initiatives in a hybrid, multi, or single cloud environment on Azure. With a wide range of experts under one roof, you can rely on Atos for comprehensive services to simplify your transformation and accelerate time to value on Azure.

Execution Strategies and Solutions

Strategic Modernization

Enable new agile working methods through incentives and improved cash flow while accelerating application and infrastructure modernization.

Organizational Change Management

Embrace and support the business before, during, and after transformation.

Client Business Value

Digitalize business processes that enable agility and financial restructuring to fund transformation.
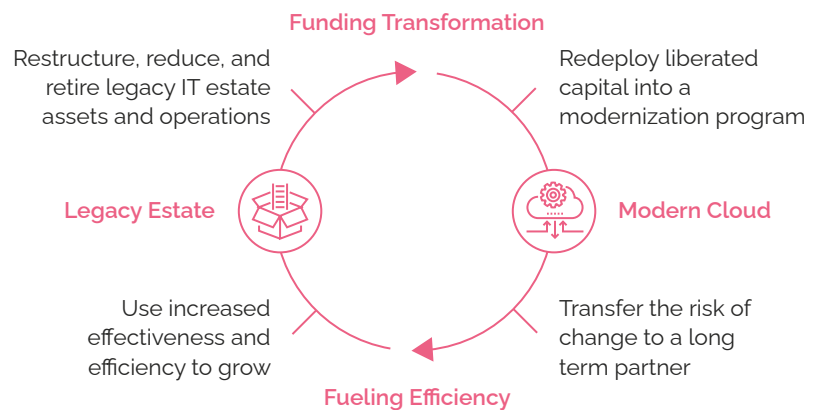

How It Works

Compelling Events

Financial imperative (facility maintenance, lease, restructuring, Covid-19)

Contract re-negotiations for software, services, or support

Customer demand for better digital services

Current incumbent transformation challenges

Funding Transformation

Restructure, reduce, and retire legacy IT estate assets and operations

Redeploy liberated capital into a modernization program

Legacy Estate

Modern Cloud

Use increased effectiveness and efficiency to grow

Transfer the risk of change to a long term partner

Fueling Efficiency

Desired Outcomes

Digital Cloud Services
Orchestrated and integrated managed public, hybrid, private, and multi-cloud

Agility & Lower Cost
Modern data management, optimized and cloud-native applications

Application & Data Services
Modern application platforms enabling business agility. Eliminate legacy debt, embrace FinOps, and reduce capital spend

Reduce Carbon Footprint
Consolidate and eliminate inefficient legacy data centers

Atos

Think-Starter Workshop

Two-hour highly collaborative workshop approach that starts with realities of today, generates targeted changes toward the future state, and produces an executable roadmap guided by business outcomes.

Objective: Understand your current landscape & challenges and then create a vision of the future

Current State	Vision & Drivers	Ideation	Market Trends	Pain Points & Opportunities	Benchmark

Outcome: Recommendations for a Datacenter Cloud Transformation assessment that will produce quick value for our client's business and transformation roadmap.

Customer Success Stories

Co-Location and Application Modernization

Eliminating overhead of DC management while moving operational functions and people to cloud foundation, including co-lo strategy, to enable global application modernization.

Cloud Enablement and Hybrid and Multi-Cloud

Building and managing modern hybrid cloud as target platform for legacy hosting consolidation and stabilization and for enterprise application modernization.

Cloud Enablement of Business Divestment

For a leading chemicals company, Atos accompanied the customer in its full separation of business unit to enable right divestment project, with consulting, application platform, data center exit and move towards a cloud first strategy.

With a rich heritage in legacy infrastructure paired with the transformative and hybrid capabilities of the Azure cloud, Atos is your one-stop shop for all your application, infrastructure, and cloud needs.
