

Atos Microsoft Windows 365 Pilot

Sales Pitch

January 2024

Atos

With Atos you unlock Windows 365 enterprise hybrid work scenarios

Zero Trust Security Model

Protect the digital worker

Achieving greater organizational security, from chip to cloud.

BYOPC programs

Simplify IT management

Empowering IT with easier Windows and device management.

Temporary work

Power better experience

Delivering a flexible, inclusive, and accessible computing experience for all roles.

Frontline work

Enable frontline workers

Delivering Cloud PC access to shift and part-time workers during their shifts.

Atos Microsoft Windows 365 Pilot

Seven-day engagement to pilot enterprise hybrid work scenarios and to provide your workforce with access to a secure and productive desktop experience from virtually anywhere with Windows 365

Plan

Define scope, identify stakeholders, and gather information on current and future environment and workloads to be enabled as part of the pilot.

Enable

Execute remediation activities to be able to deploy Windows 365 in the production environment.

Setup Windows 365 Cloud PC provisioning and management for a selected group of users focusing on the selected hybrid work user scenarios.

Grow

Learn how to operate the implemented Windows 365 solution and agree on the next steps to further grow the solution within the production environment.
