Key facts of the Yammer Challenge App

Create your own business quiz with company-relevant categories and questions.

Test your knowledge - play alone or challenge your colleagues.

Yammer users can access directly from your Yammer Enterprise Network.

Typical customers of the Yammer Challenge App are companies using the Social Enterprise Network Yammer. You can use the app just for fun or even to onboard users and increase the user number in your Yammer Network.

Yammer Challenge Features

- **Single or dual mode:** Decide whether to play alone or challenge one of your colleagues

- **Play in any language:** Because you create your quiz questions, the game can be played in any language. The app interface is available in English and in German.

- **administration dashboard:** Manage categories and questions

- The **statistics overview** shows all games, high scores, and other interesting data.

- **Post your score** directly to a Yammer Group so that other users can compare results and comment.

- **Integration:** You can apply your company's branding to the gaming interface as well as the admin dashboard.
