# CLOUD STRATEGY INCUBATION

WORKSHOP

IDENTIFY YOUR BUSINESS NEEDS

Discovering and understanding your current business situation and true pain points are essential to this workshop. We'll find out what's your biggest inhibitor to company growth, what takes up most time in your day, and what issues have been repeatedly discussed at internal meetings.

DEVELOP A WINNING CLOUD STRATEGY

The Cloud brings with it a new set of challenges including application design, security and compliance. We help you design the best Cloud strategy around Azure and Office 365 / Microsoft 365, using proven best practices and solutions which are mapped to your business requirements.

RECEIVE ADVISORY FROM CLOUD EXPERTS

Based on the previous findings, our consultants will develop a roadmap to help guide your organization in creating a detailed plan for a successful migration and governance strategy, tailored to suit your organization's business goals.

TESTIMONIALS

"

Our company was facing big problems and something need it to be done in order for us to keep provide services to our customers.Thanks to Avaelgo now we are in business again.
