

Digital Proctoring and Examinations

Craft, Monitor, and Analyze Online Exams with Confidence

Planning

Comprehensive planning covers all needed information for building exams. Easily enroll candidates and invigilators in minutes. Build a new paper, or personalize existing ones. Anti-cheating comes standard.

Execution

Automate and streamline exam administration. Track candidates' attendance and progress during the exam. Empower proctors and enforce academic standards with anti-cheating technology.

Marking

View and track marking progress with a central dashboard. Minimize errors as well as grading bias with intelligent marking. Easily scale to support course-wide pop quizzes, and more.

Online Exams, Completely Controlled.

Going remote? No need to panic. Examena enables a secure, intuitive, and online testing experience for candidates and educators alike. Keep your candidates on track from their home, the classroom, or remote learning centers using the power of the Microsoft cloud.

Educators have flexibility at their fingertips to design exams perfectly aligned to course goals and outcomes. Proctoring and grading have never been easier. Plus, all your candidates get a consistent experience – even on their own device!

Plan and Build

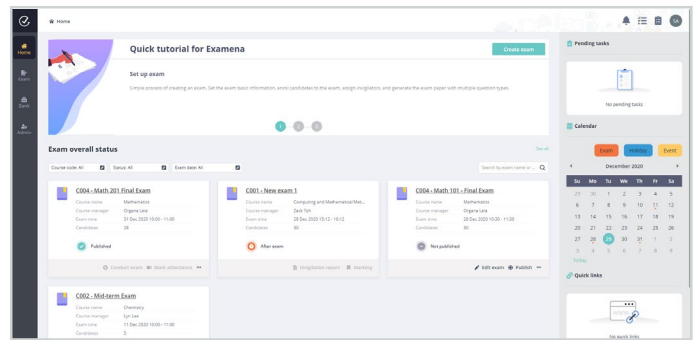

Make your online testing platform work for you. We give you the flexibility to define roles, workflows, approvals, and more. Your educators will thank you!

- **Schedule exams.** Arrange exams for both candidates and proctors in a breeze.
- **White listing done right.** Authorize access to specific URLs and applications during exams.
- **Enroll candidates and proctors.** Easily search for and add students to exam lists with drag-and-drop ease, and assign proctors at the same time.
- **Custom questions.** Create more than 10 types of questions! We've got you covered with multiple choice, essay, matching, ranking, and more.
- **Take it to the bank.** Build your question or paper bank to reuse or repurpose as needed. Or, create new questions or paper from scratch. Templates can pull from your bank based on defined criteria.
- **Set the standard.** Department heads can view and approve exams to enforce academic standards.

Tailor-Made Testing Experiences

Candidates get an intuitive test-taking experience. Moderators, proctors, or other exam administrators can keep watch with complete control.

- **Kick off without a hitch.** Let the online exams begin. Verify candidates' identity through facial recognition. Students answer and submit the papers step-by-step through the standalone app.
- **Proctor oversight.** Get central oversight into candidates' attendance and progress throughout the exam.
- **Consistent experience.** BYOD-enabled exam packages ensure all candidates have a consistent experience.
- **Video proctoring.** Monitor and oversee candidates' behavior during the exam through video recording.

Make the Grade

Standardize the marking process. View, track, and analyze candidates' markings through dynamic reports.

- **Guide candidates towards areas of improvement with detailed insights.** Measure performance across overall exams, topics, and competency levels. Ease candidates' exam anxiety with digital grade publication.
- **Delegate to scale.** Assign questions to teaching assistants to get your grading done faster.
- **Analyze by class or question.** View class, exam, and question statistics with built-in, dynamic dashboards.
- **Intelligent marking.** Intelligent score calculations scale grading for choice or fill-in-the-blank questions.
- **Easy grade management.** Grade on a curve or not, we'll make it easy to assess and publish results just the way you need.

Built AvePoint Tough

- Our SaaS solutions are built to scale, and built to last. AvePoint's digital learning experiences have been proven in some of Singapore's most exclusive Institutes of Higher Learning. We take care of the tech, so you can focus on the teaching.
