# MICROSOFT PLACES ENGINEERING ADVISORY AND Q&A

AVI-SPL is one of Microsoft's most trusted Places partners with internal production deployment experience and dozens of live customers paid professional services projects around the world.

This offer is crafted to help customers maximize their investment and understanding in Microsoft Places. By engaging with AVI-SPL, customers receive direct access to technical Subject Matter Experts (SMEs) who are equipped to answer questions, share industry best practices, and provide guidance on optimal deployment strategies tailored to each organization.

☑ WHAT IS INCLUDED:

- One comprehensive 2-hour Teams demo and discussion session
- Live walkthrough of Microsoft Places features and integration scenarios
- Tailored guidance based on your organization's environment and goals
- "Unlimited" asynchronous Q&A via email for one-month post-demo
- Get expert answers to your follow-up questions
- Access best practice documentation and deployment tips

☑ BENEFITS:

- Accelerate adoption of Microsoft Places with expert-led insights
- Reduce deployment risks and avoid common pitfalls
- Gain actionable recommendations for scaling Places across your organization
- Improve collaboration and workplace experience with proven strategies

☑ PRICING:

The estimated cost for this offer is $2,000. This includes the live demonstration session as well as one month of ongoing Q&A support.
